In re: Fuel and purchased power cost recovery clause with generating performance incentive factor.

DOCKET NO. 050001-EI
ORDER NO. PSC-05-1248-CFO-EI
ISSUED: December 22, 2005

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 11199-05)

On November 22, 2005, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company (FPL) filed a request for confidential classification of portions of Late-Filed Deposition Exhibit Nos. 1 and 2 of FPL witness Gerard Yupp (Document No. 11199-05).

Section 366.093(1), Florida Statutes, provides that “any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act].” Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company’s ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms” (subsection d), and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information” (subsection e).

FPL contends that portions of Mr. Yupp’s Late-Filed Deposition Exhibit Nos. 1 and 2 fall within these categories and thus constitute proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL requests confidential classification for the information listed in the table below:

Late-Filed Deposition Exhibit No.	NO. OF PAGES	LINE NO./ COLUMN NO.	FLORIDA STATUTE 366.093(3) Subsection
2	1	Line 10, Cols. B- M	(d), (e)

FPL states that Late-Filed Deposition Exhibit Nos. 1 and 2 consist of FPL's mark-to-market positions for natural gas as of October 20, 2005, and its monthly natural gas commodity price and natural gas transportation price forecast that were reflected in the September 9, 2005 projection filing in this docket. FPL contends that disclosure of this information would impair its competitive interests, as well as its ability to contract on favorable terms.

Upon review, it appears that the above-referenced information, contained in Mr. Yupp's Late-Filed Deposition Exhibit Nos. 1 and 2, satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms," and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Chairman Rudolph "Rudy" Bradley, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 11199-05 is granted. It is further

ORDERED that the information in Document No. 11199-05 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Chairman Rudolph "Rudy" Bradley, as Prehearing Officer, this 22nd day of December, 2005.

RUDOLPH "RUDY" BRADLEY
Chairman and Prehearing Officer

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Director, Division of the Commission Clerk and Administrative Services, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
