DOCKET NO. 060001-EI
ORDER NO. PSC-06-0885-CFO-EI
ISSUED: October 25, 2006

ORDER GRANTING GULF POWER COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 08020-06)

On August 8, 2006, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Gulf Power Company ("GULF") filed a request for confidential classification of portions of Schedule CCE-4 of Exhibit RJM-2 to the prefiled direct testimony of Gulf witness Rhonda J. Martin dated September 1, 2006 (Document No. 08020-06).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

Gulf contends that portions of Schedule CCE-4 of Exhibit RJM-2 to the prefiled testimony of Rhonda J. Martin falls within these categories and thus constitute proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. Gulf states that this information is intended to be and is treated by Gulf as private and has not been publicly disclosed.

Gulf contends that the information on page 1, in columns A-H, lines 7-16, and in columns A-CC, lines 37-46, of Schedule CCE-4 of Exhibit RJM-2 provides the actual price terms and counterparty names for capacity contracts entered into by Gulf for 2007. Gulf asserts that the price terms in these contracts are regarded, by both Gulf and the counterparty with whom it has contracted for capacity, as confidential. According to Gulf, disclosure of this information would negatively impact Gulf's ability to negotiate pricing favorable to its customers in future capacity contracts because possible counterparties may refuse to contract with Gulf or would charge higher rates if the prices are being made public. Gulf contends that this information contains confidential business information regarding contractual matters which would cause irreparable harm to Gulf, the entities with whom it has entered into contracts, and Gulf's customers if such information were disclosed to the public. Gulf states that the information also relates to competitive interests in capacity markets which would cause irreparable harm to Gulf and the entity with whom it has contracted if such information is disclosed to the public.

FPSC-COMMISSION CLERK

Upon review, it appears that the above-referenced information contained in Schedule CCE-4 of Exhibit RJM-2 to the prefiled testimony of Rhonda J. Martin, satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms” or “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless Gulf or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Matthew M. Carter II, as Prehearing Officer, that Gulf Power Company’s Request for Confidential Classification of Document No. 08020-06 is granted. It is further

ORDERED that the information in Document No. 08020-06 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Matthew M. Carter II, as Prehearing Officer, this 25th day of October, 2006.
