DOCKET NO. 060001-EI  
ORDER NO. PSC-06-0982-CFO-EI  
ISSUED: November 28, 2006

ORDER GRANTING PROGRESS ENERGY FLORIDA, INC.'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION  
(DOCUMENT NO. 06255-06)

On July 17, 2006, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Progress Energy Florida, Inc. ("PEF") filed a request for confidential classification of its responses Nos. 15 and 16 to Staff's Fourth Set of Interrogatories and its response No. 6 to Staff's Third Request for Production of Documents (Document No. 06255-06).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

PEF contends that its responses Nos. 15 and 16 to Staff's Fourth Set of Interrogatories and its response No. 6 to Staff's Third Request for Production of Documents falls within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. PEF states that this information is intended to be and is treated by PEF as private and has not been publicly disclosed.

DOCUMENT/RESPONSES	PAGE/LINE	JUSTIFICATION
PEF's Response to Staff's Third Request for Production of Documents (No. 6) – "PEF Coal Purchases from September 2005 RFP."	Bates Stamp No. PEF-FUEL-003747: contract volumes and pricing of coal purchases.	<p>§366.093(3)(d), F.S.                      The documents in question contain confidential information, the disclosure of which would impair PEF's efforts to contract for goods or services on favorable terms.</p> <p>§366.093(3)(e), F.S.                      The documents in question contain confidential information relating to competitive business interests, the disclosure of which would impair the competitive business of the provider/owner of the information.</p>

PEF contends that its responses Nos. 15 and 16 to Staff's Fourth Set of Interrogatories and its response No. 6 to Staff's Third Request for Production of Documents contain sensitive business information that relates to competitively negotiated contractual data, such as pricing and quantities of fuels. PEF asserts that these coal supply and transportation contracts provide economic value to PEF and its ratepayers, the disclosure of which would impair the efforts of PEF or its affiliates to negotiate fuel supply contracts on favorable terms. PEF further asserts that this information also relates to the competitive interests of PEF and its coal suppliers, the disclosure of which would impair their competitive businesses. PEF also asserts that its responses Nos. 15 and 16 to Staff's Fourth Set of Interrogatories and its response No. 6 to Staff's Third Request for Production of Documents consist of confidential information regarding contractual terms that relate to the competitive interests of PEF and its fuel suppliers, the disclosure of which would impair the suppliers' competitive businesses. PEF states that this information is intended to be and is treated by PEF as private and has not been publicly disclosed.

Upon review, it appears that the above-referenced information contained in its responses Nos. 15 and 16 to Staff's Fourth Set of Interrogatories and its response No. 6 to Staff's Third Request for Production of Documents, satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms," or "[i]nformation relating to

competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Matthew M. Carter II, as Prehearing Officer, that Progress Energy Florida, Inc.'s Request for Confidential Classification of Document No. 06255-06 is granted. It is further

ORDERED that the information in Document No. 06255-06 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Matthew M. Carter II, as Prehearing Officer, this 28th day of November, 2006.

  
MATTHEW M. CARTER II  
Commissioner and Prehearing Officer
