DOCKET NO. 070001-EI  
ORDER NO. PSC-07-0767-CFO-EI  
ISSUED: September 20, 2007

ORDER GRANTING GULF POWER COMPANY'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION  
(DOCUMENT NO. 01919-07)

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, on March 1, 2007, Gulf Power Company ("Gulf") filed a request for confidential classification of portions of Schedule 2 of Exhibit No. HRB-1 to the prefiled direct testimony of Gulf witness Herbert R. Ball dated March 1, 2007 (Document No. 01919-07).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

Gulf contends that portions of Schedule 2 of Exhibit No. HRB-1 to the prefiled direct testimony of Herbert R. Ball fall within these categories and thus constitute proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. Gulf states that this information is intended to be and is treated by Gulf as private and has not been publicly disclosed.

Gulf requests that the following information described in the table below be granted confidential classification:

Gulf requests confidential classification for Schedule 2 of Exhibit HRB-1 to the prefiled direct testimony of Herbert R. Ball. Gulf contends that this information contains proprietary and commercially sensitive information regarding competitive interests, trade secrets and contractual matters of Gulf, the disclosure of which would cause irreparable harm to the company. According to Gulf, Schedule 2 contains detailed information about its hedging activities. Gulf states that the information provides details about the types of hedging instruments and the various contract terms utilized in Gulf's hedging activities. Gulf further states that Schedule 2 contains specific cost information, insight, and details into Gulf's hedging strategy. Gulf asserts that its competitors consider this type of information to be trade secrets and competitively sensitive. Gulf further asserts that disclosure of this information would adversely affect its ability to conduct hedging activities to the benefit of its customers. Gulf contends that disclosure of contractual terms and cost information would impair its ability to enter into contracts for the benefit of its customers.

Upon review, it appears that the above-referenced information contained in Schedule 2 of Exhibit No. HRB-1 to the prefiled testimony of Herbert R. Ball satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms” or “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless Gulf or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Matthew M. Carter II, as Prehearing Officer, that Gulf Power Company’s Request for Confidential Classification of Document No. 01919-07 is granted. It is further

ORDERED that the information in Document No. 01919-07 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Matthew M. Carter II, as Prehearing Officer, this 20th day of September, 2007.
