DOCKET NO. 070007-EI
ORDER NO. PSC-07-0996-CFO-EI
ISSUED: December 11, 2007

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 09619-07)

On October 22, 2007, Florida Power & Light Company ("FPL") filed a request for confidential classification of information provided in response to Staff's Fourth Set of Interrogatories (Nos. 36 and 40) and Staff's Third Request for Production of Documents (No. 7) (Document No. 09619-07).

Regarding its response to Interrogatory No. 40 of Staff's Fourth Set of Interrogatories, FPL contends that the highlighted information in the materials it provided is proprietary confidential business information because it contains or constitutes contractual data, such as pricing and other terms, the disclosure of which would impair the efforts of FPL to contract for goods and services on favorable terms. FPL further asserts that disclosure of this information could impair the competitive business of the contracting parties. FPL states that this information is intended to be and is treated as private, and that its confidentiality has been maintained.

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3)(d) and (e), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to: "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

Upon review, it appears that the highlighted information in FPL's response to Staff's Fourth Set of Interrogatories Number 40 satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information. The information constitutes contractual information, such as pricing or cost estimates, the disclosure of which would impair the efforts of FPL to contract for goods and services on favorable terms and could impair the competitive business of the providers of the information. Thus, this information is granted confidential classification.

FPSC-COMMISSION CLERK

FPL's response to Interrogatory Number 36 of Staff's Fourth Set of Interrogatories and its response to Staff's Third Request for Production of Documents Number 7 have been returned to FPL, and thus a grant of confidential status is not necessary.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Matthew M. Carter II, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 09619-07 is granted. It is further

ORDERED that the information in Document No. 09619-07 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Matthew M. Carter II, as Prehearing Officer, this 11th day of December, 2007.

MATTHEW M. CARTER II
Commissioner and Prehearing Officer
