NOTICE OF PROPOSED AGENCY ACTION
ORDER GRANTING ELIGIBLE TELECOMMUNICATIONS CARRIER CERTIFICATION
TO EXPRESS PHONE SERVICE, INC.

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code.

I. Background

On March 21, 2008, Express Phone Service, Inc. (Express Phone or Company) petitioned the Florida Public Service Commission (FPSC or Commission) for designation as an eligible telecommunications carrier (ETC) in the State of Florida. In its original application, Express Phone requested that it be granted ETC status throughout the BellSouth/AT&T (AT&T), Embarq and Verizon territories for purposes of receiving federal universal service support. By letter dated July 11, 2008, Express Phone modified its request for certification as an ETC to exclude Embarq's service territory. The Company is only seeking low-income support, and is not requesting high-cost support from the federal Universal Service Fund (USF).

In its original application, Express Phone stated that it provides local exchange and exchange access service using a combination of resale and unbundled network elements, or unbundled network equivalents (UNEs), obtained through Interconnection Agreements, that allow end-to-end switching delivery of calls. By its September 25, 2008, Amendment to Application for Certification as an Eligible Telecommunications Carrier, Express Phone clarified

that it does not currently provide service using UNEs, but intends to do so upon certification as an ETC.

On July 10, 2008, Thomas M. Armstrong, the President of Express Phone, signed an affidavit on behalf of the Company certifying that Express Phone will follow all Florida Statutes, Florida Administrative Rules, Florida PSC Orders, Federal Communications Commission (FCC) Rules, FCC Orders, and regulations contained in the Telecommunications Act of 1996 regarding Universal Service, ETCs, Link-Up, Lifeline, and toll limitation service. The affidavit is attached as Attachment A of this Order and is incorporated herein by reference.

Express Phone is a Florida corporation organized in 1999 with its headquarters in Pensacola, Florida. The Company was granted certification to operate as a Competitive Local Exchange Company (CLEC) in Florida on May 4, 1998, by Order Number PSC-98-0628-FOF-TX.

Express Phone has stated that, as of July 2, 2008, it serves 2,720 residential customers in Florida. We have authority under Section 364.10(2), Florida Statutes, to decide a petition filed by a CLEC seeking designation as an ETC pursuant to 47 C.F.R. 54.201.

II. Analysis

ETC Certification Requirements

Pursuant to 47 U.S.C. 214(e)(2), and 47 C.F.R. 54.201(b), state commissions have the primary responsibility to designate providers as ETCs. Designation as an ETC is required in order for a provider to be eligible to receive funds from the federal USF. 47 U.S.C. 254(e)(2), provides that "only an eligible telecommunications carrier designated under Section 214(e) shall be eligible to receive specific federal universal service support." Pursuant to 47 U.S.C. 214(e)(1), a common carrier designated as an ETC must offer and advertise the services supported by the federal universal service mechanisms throughout its designated service area. 47 C.F.R. 54.405(b) specifies that ETCs must publicize the availability of Lifeline service in a manner reasonably designed to reach those likely to qualify for the service.

Our general responsibilities related to ETC designation are set forth at 47 C.F.R. 54.201(c), as follows:

Upon request and consistent with the public interest, convenience, and necessity, the state commission may, in the case of an area served by a rural telephone company, and shall, in the case of all other areas, designate more than one common carrier as an eligible telecommunications carrier for a service area designated by the state commission, so long as each additional requesting carrier meets the requirements of paragraph (d) of this section. Before designating an additional eligible telecommunications carrier for an area served by a rural telephone company, the state commission shall find that the designation is in the public interest.

Pursuant to 47 C.F.R. 54.101, in order to qualify as an ETC, a carrier must provide the following nine services or functionalities:

- (1) Voice grade access to the public switched network Voice grade access is defined as a functionality that enables a user of telecommunications services to transmit voice communications, including signaling the network that the caller wishes to place a call, and to receive voice communications, including receiving a signal indicating there is an incoming call;
- (2) Local Usage Local usage indicates the amount of minutes of use of exchange service, provided free of charge to end users;
- (3) Dual-tone multi-frequency signaling or its functional equivalent Dual-tone multi-frequency ("DTMF") is a method of signaling that facilitates the transportation of signaling through the network, thus shortening call set-up time;
- (4) Single-party service or its functional equivalent Single-party service is telecommunications service that permits users to have exclusive use of a wireline subscriber loop or access line for each call placed, or in the case of wireless telecommunications carriers, which use spectrum shared among users to provide service, a dedicated message path for the length of a user's particular transmission;
- (5) Access to emergency services Access to emergency services includes access to services, such as 911 and enhanced 911, provided by local governments or other public safety organizations;
- (6) Access to operator services Access to operator services is defined as access to any automatic or live assistance to a consumer to arrange for billing and/or completion, of a telephone call;
- (7) Access to interexchange service Access to interexchange service is defined as the use of the loop, as well as that portion of the switch that is paid for by the end user, or the functional equivalent of these network elements in the case of a wireless carrier, necessary to access an interexchange carrier's network;
- (8) Access to directory assistance Access to directory assistance is defined as access to a service that includes, but is not limited to, making available to customers, upon request, information contained in directory listings; and
- (9) Toll limitation for qualifying low-income consumers Toll limitation or blocking restricts all direct-dial toll access.

On March 17, 2005, the Federal Communications Commission (FCC) issued a Report and Order establishing additional criteria that all ETC applicants must satisfy in order to be

granted ETC status by the FCC.¹ By the aforementioned Report and Order, the FCC required that an ETC applicant must also demonstrate the following:

- 1) a commitment and ability to provide the supported services throughout the designated area;
- 2) the ability to remain functional in emergency situations;
- 3) ability to satisfy consumer protection and service quality standards;
- 4) provision of local usage comparable to that offered by the incumbent LEC; and
- 5) an acknowledgement that the applicant may be required by the FCC to provide equal access if all other ETCs in the designated service area relinquish their designations pursuant to 47 U.S.C. 214(e)(4).

The FCC encouraged states to adopt this standard and, by Order No. PSC-05-0824-FOF-TL, issued on August 15, 2005, we have done so.

We must determine whether an ETC designation is consistent with the public interest, convenience and necessity and serves the public interest pursuant to 47 U.S.C. 214 and 47 U.S.C. 254. To designate a carrier as an ETC, we must make an affirmative determination that such designation is in the public interest, regardless of whether the applicant seeks designation in an area served by a rural or non-rural carrier. We review the public interest benefits of each ETC designation in accordance with the purposes of the Act itself, including the following fundamental goals:

- 1) preserving and advancing universal service;
- 2) ensuring the availability of quality telecommunications services at just, reasonable, and affordable rates; and
- 3) promoting the deployment of advanced telecommunications and information services to all regions of the nation, including rural and high-cost areas.²

Express Phone's Petition

Express Phone has requested that it be granted ETC status throughout the non-rural wire centers of AT&T and Verizon territories for the purpose of receiving federal universal service support; a list of these wire centers is set forth in Attachment B of this Order, which is incorporated herein by reference. The Company is seeking only low-income support, and is not requesting high-cost support from the federal USF. Express Phone has stated that its primary purpose in requesting ETC status in Florida is to provide Lifeline and Link-Up services.

Express Phone has acknowledged the requirements of the Florida Lifeline program, and the Company has agreed to adhere to the program and to provide qualified customers with a total of \$13.50 in Lifeline assistance credits. The credits consist of \$10.00 in federal support and

¹ In the Matter of Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Order FCC 05-46, Adopted: February 25, 2005, Released: March 17, 2005.

² In the Matter of Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Order FCC 05-46 (¶40), Adopted: February 25, 2005, Released: March 17, 2005.

\$3.50 in state support. State support is funded by the carrier and Express Phone has stated that it will fund the \$3.50 state credit to qualified clients, advertise the availability of Lifeline, and begin offering these services within 60 days of receiving ETC status.

Express Phone has stated that it can provide local exchange and exchange access services using a combination of resale and unbundled network elements (UNEs). Federal rules do not require companies to lease UNEs prior to ETC designation; however, Federal rules do require that ETCs provide local exchange and exchange access services using a combination of resale and UNEs prior to requesting reimbursement from the USF.

Express Phone also has stated that its accounts with the FCC and the Universal Service Administrative Company (USAC) are current, and that it is not aware of any outstanding complaints against, or violations by, Express Phone with respect to either the FCC or USAC. Express Phone has agreed to abide by this Commission's rules, including without limitation, the procedures for approving, denying, and terminating recipients, timelines for submitting reports, and expectations pertaining to the Lifeline and Link-Up programs. Express Phone has committed to use federal universal service support only for the provision of services for which the support is intended.

We have reviewed Express Phone's payment history of regulatory assessment fees, consumer complaint incidents and the timely resolution of those complaints, compiled financial statements, and the Company's status with the Florida Department of State Division of Corporations, among other sources. Express Phone was delinquent on its most recent Regulatory Assessment Fee, and, by Order No. PSC-08-0562-PAA-TX, issued on August 29, 2008, we assessed the applicable fine of \$500.00 pursuant to Rule 25-4.0161(10), Florida Administrative Code. Express Phone paid the regulatory assessment fee and the fine for its first-time violation.

III. Conclusion

We have concerns based on Express Phone's Regulatory Assessment Fee violation; however, it was Express Phone's first violation, and the fee and applicable fine were paid. Based on our review of the matter in accordance with applicable standards, and considering Express Phone's commitment to abide by both state and federal rules and procedures, we find that Express Phone's petition to be designated as an ETC is in the public interest and should be granted. Therefore, Express Phone is hereby granted ETC designation status in the AT&T and Verizon wire centers listed in Attachment B of this Order.

Should Express Phone decide to seek any high-cost universal service funds, or seek ETC status in any rural service areas in the future, the Company is required to file a petition and demonstrate that it would be in the public interest for us to grant such a request.

Our staff is directed to continue the necessary oversight to ensure that Express Phone, along with all other ETCs in Florida, are upholding the principles and attaining the goals and objectives of both the state and federal universal service programs.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Express Phone Service, Inc. is hereby granted eligible telecommunications carrier designation status in the AT&T and Verizon wire centers listed in Attachment B of this Order. It is further

ORDERED that if no person, whose substantial interests are affected, files a protest to the Commission's Proposed Agency Action within 21 days of the issuance of this Order, this docket shall be closed upon the issuance of a consummating order. It is further

ORDERED that the provisions of this Order, issued as proposed agency action, shall become final and effective upon the issuance of a Consummating Order unless an appropriate petition, in the form provided by Rule 28-106.201, Florida Administrative Code, is received by the Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on the date set forth in the "Notice of Further Proceedings" attached hereto.

By ORDER of the Florida Public Service Commission this 24th day of December, 2008.

Commission Clerk

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

The action proposed herein is preliminary in nature. Any person whose substantial interests are affected by the action proposed by this order may file a petition for a formal proceeding, in the form provided by Rule 28-106.201, Florida Administrative Code. This petition must be received by the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on January 14, 2009.

In the absence of such a petition, this order shall become final and effective upon the issuance of a Consummating Order.

Any objection or protest filed in this/these docket(s) before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.
