DOCKET NO. 090007-EI  
ORDER NO. PSC-09-0478-CFO-EI  
ISSUED: July 2, 2009

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION  
(DOCUMENT NO. 03509-09)

On April 16, 2009, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a request for confidential classification of certain information provided in its response to Staff's First Set of Interrogatories No. 10 (Document No. 03509-09). This request was filed in Docket No. 090007-EI.

Request for Confidential Classification

Section 366.093(1), F.S., provides that "any records received by the Commission which are shown and found by the Commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraph (e) of Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPL contends that the information contained in its response to Staff's First Set of Interrogatories No. 10, as more specifically described in the table in Attachment A, falls within this category and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Specifically, FPL alleges that its response contains proprietary confidential business information that relates to competitive interests, disclosure of which could impair the competitive business of FPL's counter-party. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

Ruling

Upon review, it appears the above-referenced information contains technical details of FPL's solar projects provided by the contractor and associated operations and maintenance expenses. This information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes "[i]nformation relating to competitive interests, the

disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 03509-09 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Katrina J. McMurrian, as Prehearing Officer, that Florida Power & Light Company’s Request for Confidential Classification of Document No. 03509-09 is granted. It is further

ORDERED that the information in Document No. 03509-09 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Katrina J. McMurrian, as Prehearing Officer, this 2nd day of July, 2009.

  
KATRINA J. McMURRIAN  
Commissioner and Prehearing Officer

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility.
