

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Environmental cost recovery clause.

DOCKET NO. 090007-EI  
ORDER NO. PSC-09-0778-CFO-EI  
ISSUED: November 18, 2009

ORDER GRANTING PROGRESS ENERGY FLORIDA, INC.'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION  
(DOCUMENT NO. 02875-09)

On April 1, 2009, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Progress Energy Florida, Inc. (PEF) filed a request for confidential classification of certain information contained in Exhibit PQW-1 to the pre-filed testimony of Patricia Q. West (Document No. 02875-09). This request was filed in Docket No. 090007-EI.

Request for Confidential Classification

Section 366.093(1), F.S., provides that “any records received by the Commission which are shown and found by the Commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act].” Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company’s ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraph (d) of Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.” In addition, paragraph (e) of Section 366.093(3), F.S., provides that “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of information” is proprietary confidential information.

PEF contends that the information contained exhibit PQW-1 to the prefiled testimony of Patricia Q. West, as more specifically described in Attachment A, falls within these definitions and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Specifically, PEF alleges that the exhibit contains unit specific information that could be used to determine unit outage schedules, the disclosure of which could allow competitors to predict PEF’s ability to make wholesale sales or its need to make power purchases. PEF further alleges that the information also contains in-service dates for various pollution control projects. PEF alleges the disclosure of this information could be used to determine when PEF intends to purchase emission allowances, which would place PEF at a competitive disadvantage in the emissions market. PEF states that this information is intended to be and is treated by PEF as private and has not been publicly disclosed.

FPSC-COMMISSION CLERK

Ruling

Upon review, it appears the above-referenced information contains unit-specific information as well as in-service dates for pollution control projects. This information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Moreover, none of the documentation discussed herein contains any information regarding the compensation of PEF executives. Thus, the information contained in Document No. 02875-09, as described in Attachment A, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Nathan A. Skop, as Prehearing Officer, that Progress Energy Florida, Inc.’s Request for Confidential Classification of Document No. 02875-09, as detailed in Attachment A, is granted. It is further

ORDERED that the information in Document No. 02875-09 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Nathan A. Skop, as Prehearing Officer, this 18th day of November, 2009.

NATHAN A. SKOP  
Commissioner and Prehearing Officer

( S E A L )

MCB

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
