DOCKET NO. 100001-EI
ORDER NO. PSC-10-0193-CFO-EI
ISSUED: March 29, 2010

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 11326-08)

On December 8, 2008, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006(3), Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a request for confidential classification of information contained in the document entitled "2008-2009 Mark to Market Hedging Positions" (Document No. 11326-08). This request was filed in Docket No. 080001-EI.

Request for Confidentiality

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraphs (d) and (e) of Section 366.093(3), F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPL contends that portions of the information contained in the document entitled "2008-2009 Mark to Market Hedging Positions," as more specifically described in the table in Attachment A, falls within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006(3), F.A.C. FPL states that the information was requested by staff at a November 19, 2008, informal meeting to review FPL's proposed 2008 mid-course correction fuel adjustment factors. FPL further maintains that the information provided in that document concerns bids or other contractual data, the disclosure of which would impair the efforts of FPL to contract for goods and services on favorable terms. FPL contends that this information is also related to competitive interests, and its disclosure would impair the competitive business of FPL. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms” and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information contained in Document No. 11326-08, as more fully described in Attachment A, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Nathan A. Skop, as Prehearing Officer, that Florida Power & Light Company’s Request for Confidential Classification of information contained within Document No. 11326-08 is granted. It is further

ORDERED that the information in Document No. 11326-08 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Nathan A. Skop, as Prehearing Officer, this 29th day of March, 2010.

NATHAN A. SKOP
Commissioner and Prehearing Officer

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility.
