DOCKET NO. 100001-EI
ORDER NO. PSC-10-0194-CFO-EI
ISSUED: March 29, 2010

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR
CONFIDENTIAL CLASSIFICATION OF INFORMATION PROVIDED IN RESPONSE TO
STAFF'S SIXTH SET OF INTERROGATORIES NO. 54
(DOCUMENT NO. 09695-09)

On September 18, 2009, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a request for confidential classification of certain information provided in response to Staff's Sixth Set of Interrogatories No. 54 (Document No. 09695-09). This request was filed in Docket No. 090001-EI.

Request for Confidential Classification

Section 366.093(1), F.S., provides that "any records received by the Commission which are shown and found by the Commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraphs (d) and (e) of Section 366.093(3), F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPL contends that certain information provided in response to Staff's Sixth Set of Interrogatories No. 54, specifically all lines of Attachment 1, falls within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL contends that the information in question consists of detailed data pertinent to FPL's settlement agreement with the United States Government related to spent nuclear fuel. Specifically, FPL states the Settlement represents reimbursement for incremental costs incurred by FPL because the U.S. Department of Energy failed to meet its obligations. FPL further states that the disclosure of this detailed information on FPL's current and planned fuel-storage

expenditures, as well as the specifics of its expected reimbursements would impair the efforts of FPL to contract for goods and services on favorable terms; and disclosure of certain of the information would place FPL at a competitive disadvantage.

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms” and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information contained in Document No. 09695-09, specifically all lines of Attachment 1, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Nathan A. Skop, as Prehearing Officer, that Florida Power & Light Company’s Request for Confidential Classification of Document No. 09695-09, specifically all lines of Attachment 1, is granted. It is further

ORDERED that the information in Document No. 09695-09, for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Nathan A. Skop, as Prehearing Officer, this 29th day of March, 2010.

Commissioner and Prehearing Officer
