ORDER AMENDING CERTIFICATES

BY THE COMMISSION:

Background

Sanlando Utilities Corporation (Sanlando or utility) and Utilities, Inc. of Longwood (Longwood) are owned by their parent company, Utilities, Inc. Sanlando, a Class A utility, reported operating revenue of \$6,610,324 and operating income of \$549,271 in its 2009 annual report. Longwood, a Class B utility, reported operating revenue of \$775,134 and operating income of \$76,213 in its 2009 annual report. On October 12, 2010, Sanlando and Longwood filed an application to add wastewater territory to Sanlando's service area and to delete the same territory from Longwood's existing territory to allow two commercial customers, currently on septic tanks, to connect to the Sanlando wastewater system. We have jurisdiction pursuant to Section 367.045, Florida Statutes (F.S.).

Analysis and Decision

As stated above, Sanlando and Longwood filed an application to amend Sanlando's Certificate No. 189-S to add territory described in Attachment A and to amend Longwood's Certificate No. 232-S to delete territory described in Attachment B. Two commercial customers from Longwood's existing territory had been using private septic tanks. However, work related to the construction of State Road 434, adjacent to the two commercial customers, makes it impossible for the continued use of their septic systems. Longwood does not have a cost effective way of providing wastewater service to the two commercial customers because of the distance from the nearest point of connection and conflicts with a Florida Department of Transportation right of way.

According to the application, the customers will connect to the Sanlando Des Pinar wastewater treatment plant (WWTP), which is adjacent to the Longwood service territory. The Des Pinar WWTP has a permitted capacity of 500,000 gallons per day (gpd) and current average daily flows are approximately 250,000 gpd. The facilities needed to connect the two commercial customers will be paid for by those customers and treated as contributions in aid of construction. Water service is provided by the city of Longwood.

The application is in compliance with the governing statute, Section 367.045, F.S., and other pertinent statutes and administrative rules concerning applications for amendment of certificate. The application contains proof of compliance with the noticing provisions in Rule 25-30.030, Florida Administrative Code (F.A.C.), including the two commercial property owners. No objections were received and the time for such has expired. Sanlando and Longwood submitted affidavits consistent with Section 367.045(2)(d), F.S., attesting that they have tariffs and annual reports on file with this Commission.

Sanlando has sufficient capacity to serve the two commercial customers, as well as the necessary financial and technical expertise. The utility has no outstanding consent orders or notices of violation from the Department of Environmental Protection. A map of the territory to be served and a territory description, as required by Rule 25-30.036(3)(e), F.A.C., were provided. A description of the territory to be added to Sanlando's service territory and deleted from Longwood's service territory are shown in Attachment A and Attachment B, respectively.

Based on the above information, we find that it is in the public interest to approve the application by Sanlando and Longwood to amend Sanlando's Certificate No. 189-S to add the territory reflected in Attachment A and to amend Longwood's Certificate No. 232-S to delete the territory reflected in Attachment B. This Order shall serve as Sanlando and Longwood's amended certificates and shall be retained by both utilities. Sanlando shall charge the customers in the territory added herein the rates and charges contained in its current tariff until authorized to be changed by us.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Sanlando Utilities Corporation's Certificate No. 189-S shall be amended to add the territory reflected in Attachment A, and Utilities, Inc. of Longwood's Certificate No. 232-S shall be amended to delete the territory reflected in Attachment B. It is further

ORDERED that this Order shall serve as Sanlando Utilities Corporation and Utilities, Inc. of Longwood's amended certificates and shall be retained by both utilities. It is further

ORDERED that Sanlando Utilities Corporation shall charge the customers in the territory added herein the rates and charges contained in its current tariff until authorized to be changed by us. It is further

ORDERED that this docket shall be closed.

By ORDER of the Florida Public Service Commission this 2nd day of February, 2011.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by the Commission's final action in this matter may request: 1) reconsideration of the decision by filing a motion for reconsideration with the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or 2) judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or the First District Court of Appeal in the case of a water and/or wastewater utility by filing a notice of appeal with the Office of Commission Clerk, and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days after the issuance of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.
