FINAL ORDER GRANTING AMENDED CERTIFICATE AND  
DECLINING TO INITIATE SHOW CAUSE PROCEEDINGS

BY THE COMMISSION:

Background

On September 14, 2010, Commercial Utilities, Division of Grace and Company, Inc. (Commercial or Utility) filed an application with this Commission to amend Certificate No. 164-S to add wastewater territory to its service area in Duval County, pursuant to Section 367.045(2), Florida Statutes, (F.S.). Commercial is a Class B utility providing wastewater service to approximately 43 general service customers. The Utility's 2009 annual report shows annual operating revenue of \$246,308 and a net loss of \$65,633.

This application was filed in response to a recent review of the Utility's service territory during a recent staff assisted rate case (Docket No. 100326-SU), which revealed that the Utility is providing wastewater service to areas that are outside of its certificated area. The proposed amendment is to add six parcels, which are adjacent to the Utility's authorized service territory. We have jurisdiction pursuant to Section 367.045, F.S.

Decision

Upon learning it was providing wastewater service outside its certificated area, Commercial filed an application to amend its certificate. The last application deficiency was corrected on February, 2010.

Section 367.031, F.S., provides that "each utility subject to the jurisdiction of the commission must obtain from the commission a certificate of authorization to provide water or wastewater service." Moreover, Section 367.161(1), F.S., authorizes us to assess a penalty of not more than \$5,000 for each offense, if a utility is found to have knowingly refused to comply

with, or to have willfully violated any provision of Chapter 367, F.S. Utilities are charged with the knowledge of our statutes and rules. Thus, any intentional act, such as Commercial providing wastewater service to the public for compensation since March of 1983, without first obtaining a certificate of authorization from us would meet the standard for a “willful violation” of Section 367.161(1), F.S. In Order No. 24306, issued April 1, 1991, in Docket No. 890216-TL, In Re: Investigation Into The Proper Application of Rule 25-14.003, Florida Administrative Code, Relating to Tax Savings Refund For 1988 and 1989 For GTE Florida, Inc., having found that the company had not intended to violate the rule, we nevertheless found it appropriate to order the utility to show cause why it should not be fined, stating that “in our view, ‘willful’ implies an intent to do an act, and this is distinct from an intent to violate a statute or rule.” Additionally, “it is a common maxim, familiar to all minds that ‘ignorance of the law’ will not excuse any person, either civilly or criminally.” Barlow v. United States, 32 U.S. 404, 411 (1833).

Although Commercial’s failure to obtain certificates of authorization from us prior to charging the public for service is an apparent violation of the statutes, there are circumstances which appear to mitigate the apparent violations. First, the 17 connections were made with the intent to assist developers and to provide a connection to JEA facilities through Commercial’s wastewater line. Second, Commercial does not actively advertise for new customers. Third, upon discovery of the error, Commercial proactively took the necessary measures to come into compliance with our rules. Moreover, no objections to the extension of the territory have been filed. Thus, we do not find that the apparent violation of Section 367.031, F.S., rises to the level of warranting a show cause order.

In light of the foregoing, we find that Commercial shall not be ordered to show cause for providing wastewater service to the public for compensation without first obtaining certificates of authorization from us in apparent violation of Section 367.031, F.S. In addition, we find that Commercial shall not be required to refund any portion of its previously unauthorized rates.

As stated, Commercial owns the wastewater collection system used to serve 43 general service customers near the intersection of I-10 and I-295 in Jacksonville. Bulk wastewater treatment service is provided by Jacksonville Electric Authority. Moreover, we discovered that the Utility was serving customers not included in its authorized service territory during a recent Commission’s staff assisted rate case (Docket No. 100326-SU).

The Utility filed an application with us on September 14, 2010, to amend Certificate No. 164-S to add wastewater territory to its service area in Duval County. The proposed amendment includes six parcels, which are adjacent to the Utility’s authorized service territory. The Utility’s application is in compliance with governing statute, Section 367.045, F.S., and Rule 25-30.036, F.A.C. The application contains proof of compliance with the noticing provisions set forth in Rule 25-30.036, F.A.C. No objections to the application have been received, and the time for filing such has expired.

Maps of the territory to be served and territory descriptions, as required by Rule 25-30.036(3)(e), F.A.C., have been provided. Descriptions of the six parcels to be amended, in addition to a composite description, are shown in Attachment A. The Utility does not have any outstanding notices of violations. The Utility's wastewater collection system has sufficient capacity to serve the connections. Commercial submitted affidavits consistent with Section 367.045(2)(d), F.S., attesting that it has tariffs and annual reports on file with us.

Based on the above information, we find that it is in the public interest to approve Commercial's application for amendment of Certificate No. 164-S to include territory as reflected in Attachment A. The resultant order shall serve as Commercial's amended certificate and shall be retained by the Utility. Pursuant to Rule 25-9.044(1), F.A.C., the Utility shall charge the customers in the territory added herein the rates and charges contained in its current tariff until authorized to be changed by this Commission.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Commercial Utilities, Division of Grace and Company, Inc. shall not be ordered to show caused for providing wastewater service to the public for compensation outside its unauthorized territory in apparent violation of Section 367.031, F.S. It is further

ORDERED that Commercial shall not be required to refund any portion of its previously unauthorized rates. It is further

ORDERED that Commercial's application for amendment of Certificate No. 164-S to include territory as reflected in Attachment A and incorporated herein, is approved and effective May 24, 2011. It is further

ORDERED that this resultant Order shall serve as Commercial's amended certificate and shall be retained by the Utility. It is further

ORDERED that pursuant to Rule 25-9.044(1), Florida Administrative Code, the Utility shall charge the customers in the territory added herein the rates and charges contained in its current tariff until authorized to be changed by this Commission.

ORDERED that this docket shall be closed.

By ORDER of the Florida Public Service Commission this 13th day of June, 2011.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by the Commission's final action in this matter may request: 1) reconsideration of the decision by filing a motion for reconsideration with the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or 2) judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or the First District Court of Appeal in the case of a water and/or wastewater utility by filing a notice of appeal with the Office of Commission Clerk, and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days after the issuance of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.
