DOCKET NO. 110001-EI
ORDER NO. PSC-11-0430-CFO-EI
ISSUED: September 29, 2011

ORDER GRANTING FLORIDA POWER AND LIGHT'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 08274-10)

On October 1, 2010, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power and Light Company (FPL) filed a request for confidential classification of certain information contained in responses to Commission Staff's Sixth Set of Interrogatories (Nos. 53, 57 and 61) (Document No. 08274-10) This request was filed in Docket No. 100001-EI.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Sections 366.093(3)(d) and (e) F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPL contends that portions of the information contained in its response to Commission Staff's Sixth Set of Interrogatories Numbered 53, 57 and 61, as more specifically described in the Table in Attachment A, falls within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

As grounds for its Motion, FPL asserts that the responses to Interrogatories numbered 53, 57 and 61 contain information concerning bids or other contractual data about FPL's hedging trades with various counterparties, the disclosure of which would impair FPL's ability to contract for goods or services on favorable terms within the meaning of Section 366.093(3)(d), F. S. Additionally, FPL asserts that the data provided includes specific information about FPL's procedures and activities related to managing credit risk exposure to financial counterparties. This information relates to competitive interests, the disclosure of which would impair the competitive business of FPL's counterparties and is protected by Section 366.093(3)(e), F.S.

Time Period For Confidential Classification

FPL requests confidential classification for this information for a period of at least 18 months. According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless “the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period.”

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3)(d) and (e), F.S., for classification as proprietary confidential business information. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;” and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 08274-10 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Ronald A. Brisé, as Prehearing Officer, that FPL’s Request for Confidential Classification of Document No. 08274-10 is granted. It is further

ORDERED that the information in Document No. 08274-10 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Ronald A. Brisé, as Prehearing Officer, this 29th day of September, 2011.

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
