

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for approval of transportation service agreement with Florida Public Utilities Company, by Peninsula Pipeline Company, Inc.

DOCKET NO. 110271-GU  
ORDER NO. PSC-12-0119-CFO-GU  
ISSUED: March 14, 2012

ORDER GRANTING CONFIDENTIAL CLASSIFICATION TO PORTIONS OF PENINSULA PIPELINE COMPANY, INC.'S TRANSPORTATION SERVICES AGREEMENT  
(DOCUMENT NO. 07412-11)

On October 10, 2011, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Peninsula Pipeline Company, Inc. (Peninsula) filed a Request for Confidential Classification of certain information contained in Attachment A to its Petition, the Transportation Services Agreement (Agreement) with Florida Public Utilities Company (FPUC) (Document No. 07412-11). This request was filed in Docket No. 110271-GU.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Sections 366.093(3)(d) and (e) F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms," and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

Peninsula contends that the information sought to be confidential falls within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Peninsula's request pertains to the following information on page 7 of the Agreement:

- Data in Column identified as "MDTQ, in Dekatherms, excluding Fuel Retention;"
- Data associated with line identified as: "Total MDTQ (Dekatherms);"
- Data associated with line identified as: "Fuel Retention Percentage;"
- Data associated with and in the first line of section titled: "Monthly Reservation Charge;"
- Rate associated with column/line identified as: "Unauthorized Use Rate (In addition to Monthly Reservation Charge)."

FPSC-COMMISSION CLERK

Peninsula contends that release of the referenced information as a public record would harm both Peninsula and FPUC's business operations and ratepayers by impairing the Companies' respective abilities to effectively negotiate for goods and services. Peninsula states that this information is intended to be and is treated by both Peninsula and FPUC as confidential and thus, not publicly disclosed.

#### Time Period for Confidential Classification

According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless "the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period." Peninsula has not requested a period longer than the 18 months.

#### Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, the information identified in Document No. 07412-11 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Peninsula or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Art Graham, as Prehearing Officer, that Peninsula Pipeline Company, Inc.'s Request for Confidential Classification of Document No. 07412-11 is granted. It is further

ORDERED that the information in Document No. 07412-11 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 14th day  
of March, 2012.
