In re: Petition for increase in rates by Florida  
Power & Light Company.

DOCKET NO. 120015-EI  
ORDER NO. PSC-12-0423-CFO-EI  
ISSUED: August 15, 2012

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR  
CONFIDENTIAL CLASSIFICATION OF INFORMATION  
PROVIDED PURSUANT TO AUDIT NO. 12-100-4-1  
(DOCUMENT NO. 04862-12)

On July 20, 2012, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed its Request for Confidential Classification (Request) of certain information submitted by FPL in connection with Audit Control No. 12-100-4-1 (the Audit). (Document No. 04862-12).

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraphs (3)(b), (c), (d) and (e) of Section 366.093 F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nternal auditing controls and reports of internal auditors;" "[s]ecurity measures, systems, or procedures;" "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPL contends that the designated portions of the information contained in its responses to the Audit, as more specifically described in the line-by-line/field-by-field justification attached as its Exhibit C to the Request, fall within these categories and, thus, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL explains that certain of the documents or materials provided in the Audit contain or constitute auditing controls and reports of external auditors or information relating to the same. FPL contends that these documents are therefore proprietary confidential business information pursuant to Section 366.093(3)(b), F.S.

FPL also explains that certain of the documents or materials provided in the Audit contain or constitute security measures, systems, or procedures, including auditors' notes describing security features at FPL facilities.

FPL further explains that some of the documents or materials asserted by FPL to be proprietary confidential business information contain or constitute bids or other contractual data, the disclosure of which would impair the efforts of FPL to contract for goods and services on favorable terms in the future. FPL asserts that the information is competitively sensitive, and its disclosure would impair the competitive interests of FPL, its vendors, or other third persons.

#### Time Period For Confidential Classification

According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless "the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period." FPL has not requested a period longer than the 18 months.

#### Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes "[i]nternal auditing controls and reports of internal auditors;" "[s]ecurity measures, systems, or procedures;" "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, the information identified in Document No. 04862-12 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Art Graham, as Prehearing Officer, that Florida Power and Light Company's Request for Confidential Classification of Document No. 04862-12 is granted. It is further

ORDERED that the information in Document No. 04862-12 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 15th day of August, 2012.
