DOCKET NO. 120001-EI  
ORDER NO. PSC-12-0445-CFO-EI  
ISSUED: August 28, 2012

ORDER GRANTING TAMPA ELECTRIC COMPANY'S REQUEST FOR CONFIDENTIAL  
CLASSIFICATION (DOCUMENT NO. 02893-12)

On May 7, 2012, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Tampa Electric Company (TECO) filed a Request for Confidential Classification (Request) of certain information contained in documents produced in response to discovery (Document 02893-12). This Request was filed in Docket No. 120001-EI.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section (3)(d) and (e) of Section 366.093 F.S., provides that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms," and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

The documents for which TECO seeks confidential classification are documents produced in response to Florida Industrial Power Users Group's (FIPUG) First Request for Production of Documents (Nos. 4 and 5) at Bates stamp pages 78, 79 and 86. TECO contends that the information for which confidential classification is sought falls within the above statutory categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S. and Rule 25-22.006, F.A.C. TECO provides justification for the confidential classification of these documents via a detailed description contained in Attachment A to its Request.

TECO states that the information in these documents consists of transportation rates, by contract on a projected basis going out a number of years into the future. TECO asserts that public disclosure of this information would provide in minute detail the company's projected rates for all of the detail components of the company's projected fuel and fuel transportation costs. Additionally, TECO states that the documents include information about the company's operating costs as well as the contract terms and prices paid for contract service agreements.

TECO asserts that the information is competitive or contractual information, the disclosure of which would be harmful to TECO's and vendors in negotiating future contracts with other clients. TECO contends that disclosing this information would also harm its position in negotiating pricing for future combustion and steam turbine contracts since the providers bid responses might be influenced if they had knowledge of the previous or current contract prices and provisions. TECO further states that the disclosure of this information would therefore be harmful to these vendors' competitive interests and to TECO's ability to contract for goods and services on favorable terms. TECO asserts that it treats the information as confidential information and has not disclosed it publicly.

#### Time Period For Confidential Classification

TECO does not request confidential classification for this information for a period exceeding 18 months. According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless "the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period."

#### Ruling

Upon review, it appears that TECO is entitled to confidential classification of the information contained in Document No. 02893-12. The information described above appears to be "information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms," and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Sections 366.093(3)(d) and (e), F.S. The public disclosure of any of this information could reduce TECO's competitiveness in the marketplace. Therefore, TECO's request for confidential classification of the information contained in response to FIPUG's First Request for Production of Documents (Nos. 4 and 5) at Bates stamp pages 78, 79 and 86 is granted.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. Accordingly, the information identified in Document No. 02893-12, shall be granted confidential classification for a period of 18 months from the issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless TECO or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Eduardo E. Balbis, as Prehearing Officer, that Tampa Electric Company's requests for confidential treatment of portions of Document No. 02893-12 is granted as set forth in the body of this Order. It is further

ORDERED that the information referenced in Document No. 02893-12 shall be granted confidential classification for a period of eighteen months from the date of the issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Eduardo E. Balbis, as Prehearing Officer, this 28th day of August, 2012.
