DOCKET NO. 090538-TP
ORDER NO. PSC-12-0535-CFO-TP
ISSUED: October 9, 2012

ORDER GRANTING CONFIDENTIAL CLASSIFICATION
OF DOCUMENT NO. 06501-12.

On September 27, 2012, MCImetro Transmission Services LLC d/b/a Verizon Access Transmission Services (Verizon Access) filed its Responses to Qwest Communications Company, LLC's Second Set of Interrogatories and Second Request for Production of Documents. Concurrently, pursuant to Section 364.183, Florida Statutes (F.S.) and Rule 25-22.006, Florida Administrative Code (F.A.C.), Verizon Access filed a Request for Confidential Classification and Motion for Protective Order, stating that certain information contained in its responses contain proprietary confidential business information.

In its Requests for Confidential Classification, Verizon Access asserts that certain information contained in its Responses to Qwest Communications Company, LLC's Second Set of Interrogatories and Second Request for Production of Documents, identified as Document No. 06501-12, is intended to be proprietary, is treated as proprietary, and has not been publicly disclosed by Verizon Access. Verizon Access requests that the Commission grant confidential classification for this document for a period of 18 months from the date of the issuance of this Order, pursuant to Section 364.183, F.S. Verizon Access further asks for a temporary protective order pursuant to Rule 25-22.006(6)(c), F.A.C.

Verizon Access asserts that certain information in the responses, for which it seeks confidential classification, consists of trade secrets and information relating to competitive interests, which if disclosed would impair Verizon Access' competitive business. Verizon also states that Sections 364.183(3)(a), and (e), F.S. provide that "proprietary confidential business

information” includes “trade secret information,” “customer-specific information,” and “information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of information.” Verizon Access asserts that this information should be classified as proprietary, confidential business information and pursuant to Section 364.183(3)(a) and (e), F.S., is exempt from the Open Records Act, and should be granted confidential classification.

Florida law presumes that documents submitted to governmental agencies shall be public records. The only exceptions to this presumption are the specific statutory exemptions provided in the law and exemptions granted by governmental agencies pursuant to the specific terms of a statutory provision. This presumption is based on the concept that government should operate in the "sunshine." Rule 25-22.006(4)(c), Florida Administrative Code, provides that it is the Company's burden to demonstrate that documents fall into one of the statutory examples set out in Section 364.183, Florida Statutes, or to demonstrate that the information is proprietary confidential information, the disclosure of which will cause the Company or its ratepayers harm. Section 364.183(3), Florida Statutes, in pertinent part, provides:

The term "proprietary confidential business information" means information, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public.

Upon review, I find that the information in Document No. 06501-12, as described in the Requests and Motions, is treated as private, has not otherwise been disclosed, and is information relating to competitive interests, the disclosure of which would impair the competitive business of Verizon Access and would cause harm to Verizon Access and its business operations. Therefore, pursuant to Section 364.183(3)(a) and (e), F.S., the information shall be granted confidential classification and pursuant to Rule 25-22.006(6)(c), F.A.C., a temporary protective order shall be granted for Document No. 06501-12.

Based on the foregoing, it is

ORDERED by Commissioner Lisa Polak Edgar, as Prehearing Officer, that MCImetro Transmission Services LLC d/b/a Verizon Access Transmission Services' Request for Confidential Classification of certain information contained in the Responses to Qwest Communications Company, LLC's Second Set of Interrogatories and Second Request for Production of Documents, Document No. 06501-12, described by Verizon Access' Request, is hereby granted. It is further

At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless MCImetro Transmission Services LLC d/b/a Verizon Access Transmission Services or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.
