In re: Petition for approval of assumption of special contract with JDC Development, LLC by the Florida Division of Chesapeake Utilities Corporation.

DOCKET NO. 130136-GU
ORDER NO. PSC-13-0219-CFO-GU
ISSUED: May 23, 2013

ORDER GRANTING THE FLORIDA DIVISION OF
CHESAPEAKE UTILITIES CORPORATION'S REQUEST
FOR CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 02482-13)

On May 3, 2013, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), the Florida Division of Chesapeake Utilities Corporation (Chesapeake) filed its request for confidential classification of portions of Exhibit A to the Firm Transportation Service Agreement with Peninsula Pipeline Company (Special Contract) and portions of the Cost of Service Study submitted in this matter (Document No. 02482-13).

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Sections 366.093(3)(d) and (e), F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

Chesapeake contends that designated portions of Exhibit A and the Cost of Service Study fall within these categories and, thus, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Chesapeake states that the highlighted portions of Exhibit A, the Special Contract, contain the Maximum Daily Transportation Quantity (MDTQ) and Monthly Reservation Charge. Chesapeake also states that the Cost of Service Study contains the Monthly Rate per Special Contract, Annual Revenues and Annual Revenue Excess (Deficiency) amounts. Chesapeake states that this information is intended to be and is treated by Chesapeake as private and has not been publicly disclosed.

Chesapeake asserts that disclosure of this information would negatively impact Chesapeake's and Peninsula Pipeline Company's business operations, as well as ratepayers, by

impairing their respective ability to negotiate favorable pricing in the future for goods and services.

Time Period For Confidential Classification

Chesapeake requests confidential classification for this information for a period of 18 months. According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless “the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period.”

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.” Thus, the information identified in Document No. 02482-13 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Chesapeake or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Art Graham, as Prehearing Officer, that the Florida Division of Chesapeake Utilities Corporation’s Request for Confidential Classification of Document No. 02482-13 is granted. It is further

ORDERED that the information in Document No. 02482-13 for which confidential classification has been granted, shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 23rd day of
May, 2013.
