DOCKET NO. 130001-EI  
ORDER NO. PSC-13-0252-CFO-EI  
ISSUED: June 5, 2013

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION OF AUDIT WORKING PAPERS  
AUDIT CONTROL NO. 12-130-2-1 (DOCUMENT NO. 07019-12, x-ref. 06450-12)

On October 16, 2012, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Progress Energy Florida, Inc. (PEF) filed its requests for confidential classification of certain information contained in Commission staff's audit work papers pertaining to PEF's 2012 Hedging Activities Audit, Audit Control No. 12-130-2-1 (Document No. 07019-12, x-ref. 06450-12). This request was filed in Docket No. 120001-EI.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Sections 366.093 (3)(d) and (e), F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

PEF contends that designated portions of Commission staff's audit work papers contain information, as described in the Justification Matrix in Attachment C to its Request on a page and line by line basis, that fall within these categories and, thus, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. PEF states that this information is intended to be and is treated by PEF as private and has not been publicly disclosed.

In support of its request for confidential treatment, PEF asserts that Commission staff's audit work papers contain information concerning internal hedging practices and procedures, hedging volumes and transactions, hedging forecasts, percentages and pricing information the disclosure of which would impair the efforts of PEF to negotiate fuel supply contracts and fuel hedges on favorable terms. Further, the information relates to the competitive interests of PEF and its fuel suppliers, the disclosure of which would impair their competitive business.

Time Period For Confidential Classification

PEF requests confidential classification for this information for a period of 18 months. According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless “the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period.”

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.” Thus, the information identified in Document No. 07019-12, x-ref. 06450-12, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

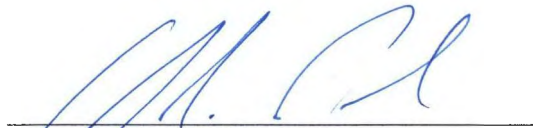

Based on the foregoing, it is

ORDERED by Commissioner Eduardo E Balbis, as Prehearing Officer, that Progress Energy Florida Inc.’s Request for Confidential Classification of Document No. 07019-12, x-ref. 06450-12, is granted. It is further

ORDERED that the information in Document No. 07019-12, x-ref. 06450-12, for which confidential classification has been granted, shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Eduardo E. Balbis, as Prehearing Officer, this 5th day of June, 2013.
