

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Joint petition for approval of natural gas transportation service agreement between Florida City Gas and Miami-Dade County, through Miami-Dade Water and Sewer Department.

DOCKET NO. 130089-GU
ORDER NO. PSC-13-0297-CFO-GU
ISSUED: June 26, 2013

ORDER GRANTING FLORIDA CITY GAS'S REQUEST FOR
CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 03494-13)

On June 21, 2013, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida City Gas (FCG) filed its request for confidential classification of certain information submitted as its responses to Florida Public Service Commission Staff's (Staff's) Second Data Request Nos. 5, 6 and 7 (Document No. 03494-13).

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Sections 366.093(3)(d) and (e), F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FCG contends that its responses to Staff's Second Data Request Nos. 5, 6 and 7, as more specifically described on a page and line-by-line basis in the Justification Matrix in Attachment 1 to its Request, fall within these categories and, thus, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FCG states that this information is intended to be and is treated by FCG as private and has not been publicly disclosed.

Specifically, FCG states that its response to Staff's Second Data Request No. 5, contained in Exhibit 2-5, contains a detailed explanation of how projected contributions to FCG's common costs under the 2014 TSA is sufficient to offset the risk of revenue shortfalls due to the potential suspension of the take or pay minimum volumes of natural gas under different time scenarios. FCG asserts that disclosure of this information would negatively impact FCG's ability to negotiate favorable pricing in future contracts since its disclosure would provide potential customers with information regarding the company's minimum take or pay requirements.

FCG's response to Staff's Second Data Request No. 6, provided in Exhibit 2-6, contains a customer-specific asset depreciation analysis utilized in the development of the 2014 accumulated depreciation amounts for the Orr and Hialeah plants. Exhibit 2-6 also contains an analysis explaining the development of the 2014 incremental operations and maintenance expense calculation for the Orr and Hialeah plants and customer specific information used as inputs into this calculation. Finally, Staff's Second Data Request No. 7, provided in Exhibit 2-6, contains information supporting the annual operations and maintenance adjustments for 2015 through 2023. FCG contends that the disclosure of this customer specific information would give other FCG customers a competitive advantage in the future negotiation of rate tiers and corresponding rates to the detriment of the company's ratepayers.

Time Period For Confidential Classification

FCG requests confidential classification for this information for a period of 18 months. According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless "the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period."

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms." Thus, the information identified in Document No. 03494-13 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FCG or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Lisa Polak Edgar, as Prehearing Officer, that Florida City Gas's Request for Confidential Classification of Document No. 03494-13 is granted. It is further

ORDERED that the information in Document No. 03494-13 for which confidential classification has been granted, shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Lisa Polak Edgar, as Prehearing Officer, this 26th day of
June, 2013.

LISA POLAK EDGAR

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
