DOCKET NO. 130001-EI  
ORDER NO. PSC-13-0364-CFO-EI  
ISSUED: August 7, 2013

ORDER GRANTING DUKE ENERGY FLORIDA, INC.'S REQUEST FOR  
CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 02553-13)

On May 8, 2013, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, Inc. (DEF) filed a request for confidential classification (Request) of certain information submitted by DEF pursuant to Audit Control No. 13-016-2-1 (the Audit), (Document No. 02553-13). This Request was filed in Docket No. 130001-EI.

Section 366.093(1), F.S., provides that “any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act].” Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company’s ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraphs (3)(d) and (e) of Section 366.093 F.S., provide that proprietary confidential business information includes, but is not limited to “information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;” and “information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.”

DEF contends that the designated portions of the information contained in the Auditors’ work papers contain and include sensitive business information, including pricing agreements, the disclosure of which would harm DEF’s competitive business interests, as more specifically described in the line-by-line/field-by-field justification attached as Appendix C to the Request, fall within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. DEF states that this information is intended to be and is treated by DEF as private and has not been publicly disclosed.

DEF avers that it negotiates each of its contracts to obtain the most competitive terms available to benefit DEF and its customers. DEF further states that in order to successfully obtain such contracts, DEF must be able to assure the other parties to the contracts that the sensitive business information contained therein, such as pricing terms, will remain confidential. DEF argues that without such measures for the confidential treatment of this information, DEF would run the risk that sensitive business information regarding what it is willing to pay for certain goods and services, as well as what the contracting Company is willing to accept as payment for

certain goods and/or services, would be made available to the public and, as a result, other potential suppliers, vendors, and/or purchasers of such services could change their position in future negotiations with DEF. DEF further argues that without DEF's measures to maintain the confidentiality of sensitive terms in these contracts, the Company's efforts to obtain competitive contracts would be undermined.

**Time Period For Confidential Classification**

According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless “the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period.” DEF has not requested a period longer than the 18 months.

**Ruling**

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes “information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;” or “information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 02553-13 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Eduardo E. Balbis, as Prehearing Officer, that Duke Energy Florida, Inc.'s Request for Confidential Classification of Document No. 02553-13 is granted. It is further

ORDERED that the information in Document No. 02553-13 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Eduardo E. Balbis, as Prehearing Officer, this 7th day of August, 2013.
