ORDER APPROVING SERVICE CHARGE

BY THE COMMISSION:

Background

Four Points Utility Corp. (Four Points or Utility) is a Class C water and wastewater utility in Davenport, Florida located in northeast Polk County. This area is in the Southwest Florida Water Management District. The Utility provides water and wastewater service to 214 residential customers and 1 general service customer in the Island Club West Resort and Spa development. Four Points' 2012 annual report indicates that the Utility had combined gross operating revenues of \$104,699 and a net operating loss of \$92,576.

On November 13, 2012, the Utility filed an application for approval of a tariff amendment to charge customers who opt to pay their water bill by debit or credit card. Order No. PSC-13-0066-PCO-WS, issued January 29, 2013, in the instant docket, suspended the Utility's tariff filing to allow Commission staff sufficient time to review the application and gather all pertinent information.

This Order addresses Four Points' request to implement a convenience fee for customers who opt to pay their water bill by debit or credit card via telephone. We have jurisdiction pursuant to Section 367.091, Florida Statutes (F.S.).

Decision

Section 367.091, F.S., authorizes this Commission to establish, increase, or change a rate or charge other than monthly rates or service availability charges. Four Points began accepting debit and credit cards for bill payments on October 30, 2012. The Utility requested a \$2.50 convenience fee to recover the cost of supplies, administrative labor, and equipment. As required by Section 367.091, F.S., the Utility's cost analysis breakdown for its requested charge is shown below.

Clerical	\$ 1.27
Cost of paper	\$.40
Credit card machine	\$.88
Total	<u>\$ 2.55</u>

We have previously approved a charge by other Utilities for customers who opt to pay their bill by debit or credit card. An electronic bill payment fee of \$3.50 was approved for Florida Public Utilities Company's (FPUC) gas customers in 2004.¹ In that case, we found that the charge was necessary to recover the additional costs incurred by the Utility from those customers who opt to pay by credit card, debit card, or electronic check. We also approved a charge of \$3.50 for residential customers and 3.5 percent of the total bill amount for all other customers for FPUC electric customers in 2005.² That charge was designed to recover the costs incurred for customer contact, supervision, bank processing and credit card processing.

We find that the Utility's requested charge of a \$2.50 convenience fee is reasonable for customers who opt to pay their water bill by debit or credit card via telephone. The Utility's requested charge benefits the customers by allowing them to expand their payment options. Furthermore, this fee will insure the Utility's remaining customers do not subsidize those customers who choose to pay using this option.

Based on the foregoing, we find that Four Points' request for approval to amend its tariff sheet for miscellaneous service charges to include a convenience fee of \$2.50 for customers who opt to pay their water bill by debit or credit card via telephone is approved. This charge shall be effective for services rendered on or after the stamped approval date on the tariff pursuant to Rule 25-30.475, F.A.C. If a protest is filed, the revised tariff sheet shall become effective on or after the stamped approval date on the revised tariff sheet, pursuant to Rule 25-30.475, F.A.C. If a protest is filed within 21 days of the issuance date of this Order, the tariff shall remain in effect with the charge held subject to refund pending resolution of the protest.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the proposed new credit card and debit card service charge is approved, as set forth in the body of this Order. It is further

ORDERED that this charge shall be effective for services rendered on or after the stamped approval date on the tariff pursuant to Rule 25-30.475, F.A.C. It is further

¹See Order No. PSC-04-1110-PAA-GU, issued November 8, 2004, in Docket No. 040216-GU, In re: Application for rate increase by Florida Public Utilities Company.

ORDERED that if a protest is filed within 21 days of issuance of this Order, the tariff shall remain in effect with any charges held subject to refund pending resolution of the protest. It is further

ORDERED that the docket shall remain open pending staff's verification that the revised tariff sheets and filing of customer notices by the Utility. It is further

ORDERED that the docket shall be closed administratively upon staff's verification of the filing of customer notices by the Utility.
