DOCKET NO. 130002-EG
ORDER NO. PSC-13-0480-CFO-EG
ISSUED: October 15, 2013

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR
CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 04446-13 (X-REF 04235-13))

On August 1, 2013, pursuant to Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company (FPL) filed a request for confidential classification of certain material (Request) provided to the Florida Public Service Commission (Staff) pursuant to Audit Control No. 13-004-4-3 Document Nos. 04446-13 (x-ref 04235-13). FPL asserts that the confidential information in the documents is intended to be proprietary, is treated as proprietary, and has not been publicly disclosed. FPL requests that the Commission grant confidential classification for the documents for a period of 18 months from the date of the issuance of this Order, pursuant to Section 366.093(4), Florida Statutes.

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Chapter 119, F.S., Florida's Public Records Act. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes:

- (b) Internal auditing controls and reports of internal auditors.
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

FPL asserts that the information for which it seeks confidential status contains internal auditing information and sensitive competitive business information: information concerning its contracts and contracting processes, and detailed financial information about its employees and their salaries. Section 366.093(3)(b), F.S. provides the Commission may grant a confidential status to internal auditing information. Section 366.093(3)(d), F.S. provides the Commission may grant a confidential classification to contract and bid information if its release will impair the ability of the public utility or its affiliates to purchase goods or services in the future. Lastly, Section 366.093(e), F.S. provides that the Commission may grant a confidential classification to sensitive competitive business information if release of that information will harm the

competitive business of the provider of that information. FPL requests confidential classification for the information contained in Document Nos. 04446-13 (x-ref 04235-13), as detailed in its Request.

Upon review, it appears that the requested information in the Request satisfies the criteria set forth in Section 366.093(3)(b), (d), and (e), F.S. The information contains internal auditing controls, competitive business and contractual information, the disclosure of which would impair the company's ability to compete for services and impair the competitive interests of its customers. In addition, the information contains customer specific information, the disclosure of which would be detrimental to the interests of FPL's customers. Therefore, confidential classification for Document Nos. 04446-13 (x-ref 04235-13), as detailed in the Request, is granted.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the information continues to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Eduardo E. Balbis, as Prehearing Officer, that the information described in the body of this Order and contained in Document Nos. 04446-13 (x-ref 04235-13), as detailed in the Request, shall be granted an 18 months of confidential classification. It is further

ORDERED that pursuant to Rule 25-22.066, F.A.C., and Section 366.093(3), F.S., confidentiality granted to the documents specified herein shall expire 18 months from the date of the issuance of this Order in the absence of a renewed request for confidentiality. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Eduardo E. Balbis, as Prehearing Officer, this 15th day of October, 2013.
