DOCKET NO. 130001-EI
ORDER NO. PSC-13-0520-CFO-EI
ISSUED: October 29, 2013

ORDER GRANTING TAMPA ELECTRIC COMPANY'S REQUEST FOR CONFIDENTIAL
CLASSIFICATION AND MOTION FOR TEMPORARY PROTECTIVE ORDER
(DOCUMENT NO. 01205-13)

On March 6, 2013, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Tampa Electric Company (TECO) filed a Request for Confidential Classification and Motion for Temporary Protective Order (Request) of certain highlighted information contained in its responses to Staff's Second Set of Interrogatories, numbers 13 and 16, (Document No. 01205-13). This Request was filed in Docket No. 130001-EI.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section (3)(d) and (e) of Section 366.093 F.S., provides that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms," and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

TECO contends that the information for which confidential classification is sought falls within the above statutory categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Along with its request, TECO has attached a copy of the document with the sought confidential portions highlighted in yellow, Bates Stamp pages 1-3 and 6-10.

TECO contends that the document contains bid information provided in response to TECO's Request for Proposals as well as contract rates paid for coal. TECO contends that the disclosure of this information would be harmful to its competitive interests, and, thus, the information is entitled to confidential treatment pursuant to Section 366.093(d) and (e), F.S., and Rule 25-22.006, F.A.C. Further, TECO contends that the highlighted information in Document 01205-13 includes Tampa Electric's bid evaluations and contains agreed upon commodity rates. TECO asserts that disclosing this information would harm its ability to contract for goods and

services on favorable terms, and as such, the information is entitled to confidential treatment pursuant to Section 366.093(d) and (e), F.S. Additionally, TECO contends that the information listed in the interrogatory responses contains bid information provided in response to Tampa Electric's Request for Proposals for Natural Gas. TECO asserts that the disclosure of this information would be harmful to competitive interests, and as such, the information is entitled to confidential treatment pursuant to Section 366.093(d) and (e), F.S., and Rule 25-22.006, F.A.C. TECO also asserts that it treats the information as confidential and has not disclosed it publicly.

Time Period For Confidential Classification

TECO requests confidential classification for this information for a period of 18 months from the date of this order. According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless "the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period."

Ruling

Upon review, it appears that the information described above satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes "information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms," and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, the information identified in Document No. 01205-13 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. Accordingly, the information identified in Document No. 01205-13 shall be granted confidential classification for a period of 18 months from the issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless TECO or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Eduardo E. Balbis, as Prehearing Officer, that Tampa Electric Company's Request for Confidential Classification of Document No. 01205-13 is granted. It is further

ORDERED that the information referenced in Document No. 01205-13 shall be granted confidential classification for a period of 18 months from the date of the issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Eduardo E. Balbis, as Prehearing Officer, this 29th day of October, 2013.
