NOTICE OF PROPOSED AGENCY ACTION  
ORDER DETERMINING NET BOOK VALUES AND  
APPROVING A NEGATIVE ACQUISITION ADJUSTMENT  
AND  
ORDER APPROVING TRANSFER OF FACILITIES AND ISSUING  
CERTIFICATE NOS. 667-W AND 507-S TO JUMPER CREEK UTILITY COMPANY

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein determining net book values and approving a negative acquisition adjustment is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code (F.A.C.).

Background

On June 24, 2013, Jumper Creek Utility Company (Jumper Creek or Utility) filed an application for the transfer of Certificate Nos. 507-W and 441-S on behalf of Aqua Utilities Florida, Inc. (Aqua) in Sumter County. The service area is located in the Southwest Florida Water Management District and is not in a water use caution area. According to Aqua's 2012 Annual Report, the Utility serves 41 water and 41 wastewater customers in a subdivision known as Jumper Creek.

The present application for transfer approval is one of six active applications that have been simultaneously filed with this Commission. These applications request transfer approval of water and wastewater systems previously owned by Aqua in five different counties. Jumper

Creek, along with the utilities who filed the other five transfer applications, have been recently created, and share common management and ownership.

According to its 2012 Annual Report, Aqua had total revenues of \$15,773,003 (\$9,646,699 for water and \$6,126,304 for wastewater). It provided service to 62 water systems and 30 wastewater systems within 17 counties. Water and wastewater rates for most of the Aqua systems were approved in 2012 in a file and suspend rate case.<sup>1</sup> For Jumper Creek, rates and charges were approved at the time of the 2011 transfer to Aqua in Docket No. 100114-WS.<sup>2</sup> Recently, Aqua made a decision to cease operations in the state. As a result, 53 water systems and 26 wastewater systems owned by Aqua have been transferred to non-jurisdictional entities. The remaining nine water systems and four wastewater systems owned by Aqua have not yet been transferred and are the subject of the six applications discussed above.

Certificate Nos. 507-W and 441-S were originally granted in 1988 under the name of Homosassa Utilities, Inc.<sup>3</sup> There was an amendment to the water certificate territory in 1991.<sup>4</sup> A transfer was made to USA Utilities Unit 2, Inc., in 1992.<sup>5</sup> In 1993, there was a name change to Sumter Water Company, Inc.<sup>6</sup> In 1996, there was a transfer of Majority Organizational Control.<sup>7</sup> In 1997, there was a transfer to Crystal River Utilities, Inc.<sup>8</sup> In 1999, there was a transfer of Majority Organizational Control.<sup>9</sup> In 2003, there was an acquisition of stock by Philadelphia Suburban and resulting transfer of controlling interest.<sup>10</sup> In 2004, there was a

Combined with The Woods, the Jumper Creek water and wastewater territories were included within Certificate Nos. 507-W and 441-S. The Jumper Creek territories have been deleted from those certificates in Docket No. 130171-WS, regarding the transfer application concerning The Woods. In this docket, those same territories are being issued new certificate numbers as part of the transfer to Jumper Creek.

This order approves the transfer of the water system and wastewater system, issues new water and wastewater certificates, determines the net book values of the water system and wastewater system at the time of transfer, and approves a negative acquisition adjustment. We have jurisdiction pursuant to Section 367.071, Florida Statutes (F.S.).

Approving Transfer and Issuing Certificate Nos. 667-W and 507-S

On June 24, 2013, Jumper Creek filed an application for approval of the transfer of Aqua's Jumper Creek water and wastewater systems and Certificate Nos. 507-W and 441-S on behalf of Aqua. The application is in compliance with the governing Statute, Section 367.071, F.S., and administrative rules concerning applications for transfer of certificates. The closing occurred on March 28, 2013, contingent upon our approval, pursuant to Section 367.071(1), F.S.

### Noticing, Territory, and Land Ownership

The application contains proof of compliance with the noticing provisions set forth in Section 367.071, F.S., and Rule 25-30.030, F.A.C. No objections to the transfer were filed with us and the time for doing so has expired. The application contains a description of the Utility's water and wastewater service territories, which is appended to this order as Attachment A. The application contains a copy of a Quit Claim Deed that was executed on March 29, 2013, as evidence that Jumper Creek owns the land upon which the water and wastewater treatment facilities are located pursuant to Rule 25-30.037(2)(q), F.A.C.

### Purchase Agreement and Financing

Pursuant to Rule 25-30.037(2)(h) and (i), F.A.C., the application contains a copy of the Purchase Agreement, which includes the purchase price, terms of payment, and a list of the assets purchased. There are no customer deposits, guaranteed revenue contracts, developer agreements, customer advances, leases, or debt of Aqua that must be disposed of with regard to the transfer. According to the Purchase Agreement, the total purchase price of \$10 was paid for the portion of the assets attributable to water and wastewater service.

### Facility Description and Compliance

The Jumper Creek water treatment system consists of two wells with liquid chlorination used for disinfection. The wastewater treatment plant is rated at 35,000 gallons per day, permitted on an annual average daily flow. A two-cell rapid infiltration basin (percolation pond) is utilized for effluent disposal. Commission staff contacted the Florida Department of Environmental Protection (DEP) concerning the Utility's compliance status relative to any Notices of Violation or any DEP consent orders. DEP stated that the system is not subject to any outstanding violations or consent orders.

### Technical and Financial Ability

Pursuant to Rule 25-30.037(1)(j), F.A.C., the application contains statements describing the technical and financial ability of the applicant to provide service to the proposed service area. According to the application, Jumper Creek's directors have considerable Florida-specific expertise in private utility ownership within the state. The directors of Jumper Creek have been in the water and wastewater utility management, operations, and maintenance industry for many years, providing service to more than 550 Florida facilities throughout their careers. Further, the application indicates that the President and Vice President of Jumper Creek have 28 and 36 years, respectively, of operation or ownership of utilities, including a number of utilities previously regulated by this Commission. Our staff also reviewed the personal financial statements for the President and Vice President of Jumper Creek<sup>14</sup> and did not identify any concerns. The application indicates that operating, billing, collection, and customer services will be provided by contract through an affiliated entity, U.S. Water Services Corporation (U.S.

Water), which currently provides such services to utilities serving approximately 80,000 customers in Florida. The President of U.S. Water is part owner of other systems regulated by the Commission, including Harbor Waterworks, Inc.,<sup>15</sup> Lakeside Waterworks, Inc.,<sup>16</sup> LP Waterworks, Inc.,<sup>17</sup> and several of the systems previously owned by Aqua.<sup>18</sup>

Commission staff requested a three-year projected budget to further evaluate the ability of Jumper Creek to maintain operations of the Utility going forward. The projected budget included data on net operating income, cost of capital, and rate base. The projections are reasonable and include future capital improvements, as well as anticipated increases in costs. Based on the above, Jumper Creek has demonstrated the technical and financial ability to provide service to the existing service territory.

### Rates and Charges

The Utility's existing rates and charges were last approved in a transfer docket.<sup>19</sup> The Utility's existing rates and charges are shown on Schedule No. 1. Rule 25-9.044(1), F.A.C., provides that, in the case of a change of ownership or control of a utility, the rates, classifications, and regulations of the former owner must continue unless authorized to change by this Commission. Therefore, the Utility's existing rates and charges shall remain in effect until a change is authorized by this Commission in a subsequent proceeding.

### Regulatory Assessment Fees and Annual Reports (RAFs)

We have verified that the Utility is current on RAFs for the calendar year ended December 31, 2013. The Utility received an extension to file its 2013 Annual Report. Jumper

Creek is responsible for filing the Utility's 2013 Annual Report and paying 2014 RAFs, and shall be responsible for filing all future annual reports and RAFs.

### Conclusion

Based on the above, we find that the transfer of Jumper Creek's water and wastewater systems and the issuance of Certificate Nos. 667-W and 570-S to Jumper Creek Utility Company is in the public interest and is approved effective the date of our vote, June 5, 2014. The Jumper Creek territories are described in Attachment A. This Order shall serve as Jumper Creek's certificates and shall be retained by the Utility. The Utility's existing rates and charges shall remain in effect until a change is authorized by this Commission in a subsequent proceeding. The tariff pages reflecting the transfer shall be effective on or after the stamped approval date on the tariff sheets, pursuant to Rule 25-30.475(1), F.A.C. Jumper Creek is responsible for filing the Utility's 2013 Annual Report and paying 2014 RAFs, and shall be responsible for filing all future annual reports and RAFs.

### Determining Net Book Values

The purpose of establishing NBV for transfers is to determine whether an acquisition adjustment should be approved. The NBV does not include normal ratemaking adjustments for used and useful plant or working capital. The approved NBV, as described below, is shown on Schedule Nos. 2 and 3.

### Utility Plant in Service (UPIS)

The Utility's general ledger reflected water and wastewater UPIS balances of \$510,770 and \$388,477, respectively, as of March 28, 2013. Commission audit staff determined that all Commission adjustments have been properly made. Therefore, UPIS balances as of March 28, 2013, are \$510,770 and \$388,477, for water and wastewater respectively, as shown on Schedule Nos. 2 and 3.

### Land and Land Rights

The value of land and land rights was last established by Order No. PSC-11-0377-PAA-WS.<sup>20</sup> At that time, we approved a land value of \$2,272 for water and \$18,722 for wastewater. We have identified no adjustments. Therefore, land and land rights are \$2,272 for water and \$18,722 for wastewater.

<sup>20</sup> Order No. PSC-11-0377-PAA-WS, issued September 12, 2011, in Docket No. 100114-WS, In re: Application for approval of transfer of Horizon Homes of Central Florida, Inc. and Five Land Group, LLC's water and wastewater systems to Aqua Utilities Florida, Inc. and for amendment of Certificate Nos. 507-W and 441-S, in Sumter County.

### Accumulated Depreciation

The Utility's general ledger reflects accumulated depreciation balances of \$119,911 and \$100,925, for water and wastewater respectively, as of March 28, 2013. Commission audit staff determined depreciation accruals to UPIS were not posted in March 2013. As a result, accumulated depreciation shall be increased by \$1,598 for water and by \$1,349 for wastewater. Therefore, the Utility's accumulated depreciation balances as of March 28, 2013, are \$121,509 and \$102,274, for water and wastewater respectively, as shown on Schedule Nos. 2 and 3.

### Contributions-in-Aid-of-Construction (CIAC) and Accumulated Amortization of CIAC

As of March 28, 2013, the Utility's general ledger reflects water and wastewater CIAC balances of \$157,236 and \$221,828, respectively; and accumulated amortization of CIAC balances of \$26,509 and \$47,381, respectively. Commission audit staff determined that amortization of CIAC accruals were not posted in March 2013. As a result, accumulated amortization of CIAC shall be increased by \$322 for water by \$594 for wastewater. Therefore, the Utility's accumulated amortization of CIAC balances for water and wastewater as of March 28, 2013, are \$26,831 and \$47,975, respectively, as shown on Schedule Nos. 2 and 3.

### Net Book Value

The Utility's general ledger reflected NBVs of \$262,404 and \$131,827, respectively, for water and wastewater as of March 28, 2013. Based on the adjustments described above and as shown on Schedule Nos. 2 and 3, we find that the NBVs for the Utility's water and wastewater systems as of March 28, 2013, are \$261,128 and \$131,072, respectively, for a total NBV of \$392,200. Schedule Nos. 2 and 3 also contain the National Association of Regulatory Utility Commissioners, Uniform System of Accounts and balances for UPIS and accumulated depreciation as of March 28, 2013.

### Conclusion

Based on the above, we find that the NBVs of Jumper Creek's water and wastewater systems for transfer purposes are \$261,128 and \$131,072, respectively, as of March 28, 2013. Within 30 days of the date of the final order, Jumper Creek shall be required to provide general ledgers which show its books have been updated to reflect the Commission-approved balances as of March 28, 2013. The adjustments shall be reflected in the Utility's 2013 Annual Report when filed.

### Approving a Negative Acquisition Adjustment

An acquisition adjustment results when the purchase price differs from the NBV of the assets at the time of the acquisition. Pursuant to Rule 25-30.3071, F.A.C., a positive acquisition adjustment results when the purchase price is greater than the NBV and a negative acquisition adjustment results when the purchase price is less than the NBV. Rule 25-30.371, F.A.C., further states that a positive acquisition adjustment shall not be included in rate base absent proof of extraordinary circumstances. Positive acquisition adjustments, if approved, increase rate base.

With respect to negative acquisition adjustments, Rule 25-30.371, F.A.C., states that no negative acquisition adjustment shall be included in rate base if the purchase price is greater than 80 percent of the NBV. If the purchase price is equal to or less than 80 percent of the NBV, a negative acquisition adjustment shall be included in rate base equal to 80 percent of the NBV, less the purchase price. Negative acquisition adjustments reduce rate base.

The Utility and its assets were purchased for \$10. Previously in this Order, we determined that the appropriate NBV is \$392,200. Pursuant to Rule 25-30.0371(4)(b)2, F.A.C., if the purchase price is equal to or less than 50 percent of net book value, then 50 percent of the negative acquisition adjustment is amortized over a seven-year period and 50 percent amortized over the remaining life of the assets, beginning with the date of the issuance of the order approving the transfer of assets. The Utility estimates that the remaining life of the applicable water assets is 20 years and 19 years for the wastewater assets.

The calculation of Jumper Creek's acquisition adjustment is shown below. We allocated the purchase price of \$10 based on the relative ratio of water and wastewater net book value.

Calculation of Negative Acquisition Adjustment		
	<u>Water System</u>	<u>Wastewater System</u>
Net book value as of March 28, 2013	\$261,128	\$131,072
80 percent of net book value	208,902	104,858
Purchase price	<u>7</u>	<u>3</u>
Negative acquisition adjustment	<u>\$208,895</u>	<u>\$104,855</u>

### Conclusion

Pursuant to Rule 25-30.0371, F.A.C., a negative acquisition adjustment of \$208,895 for the water system and \$104,855 for the wastewater system shall be recognized for rate-making purposes. Beginning with the date of the issuance of this Order, 50 percent of the negative acquisition adjustment, which is \$104,448 for the water system and \$52,427 for the wastewater system, shall be amortized over a seven-year period, and the remaining 50 percent shall be amortized over the remaining life of the assets as discussed above.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the transfer of Aqua Utilities Florida, Inc.'s Jumper Creek water and wastewater systems and the issuance of Certificate Nos. 667-W and 570-S to Jumper Creek Utility Company is in the public interest and is approved effective the date of our vote, June 5, 2014. This Order shall serve as Jumper Creek's certificates and shall be retained by the Utility. It is further

ORDERED that the Utility's existing rates and charges shall remain in effect until a change is authorized by this Commission in a subsequent proceeding. The tariff pages reflecting

the transfer shall be effective on or after the stamped approval date on the tariff sheets, pursuant to Rule 25-30.475(1), Florida Administrative Code, (F.A.C.). It is further

ORDERED that Jumper Creek Utility Company is responsible for filing the Utility's 2013 Annual Report and paying 2014 Regulatory Assessment Fees, and shall be responsible for filing all future annual reports and RAFs. It is further

ORDERED that for transfer purposes, the net book values of the water and wastewater systems are \$261,128 and \$131,072, respectively, as of March 28, 2013. Within 30 days of the date of the final order, Jumper Creek shall provide general ledgers which show its books have been updated to reflect the Commission-approved balances as of March 28, 2013. The adjustments shall be reflected in the Utility's 2013 Annual Report when filed. It is further

ORDERED that a negative acquisition adjustment of \$208,895 for the water system and \$104,855 for the wastewater system shall be recognized for rate-making purposes. Beginning with the date of the issuance of this Order, 50 percent of the negative acquisition adjustment, which is \$104,448 for the water system and \$52,427 for the wastewater system, shall be amortized over a seven-year period, and the remaining 50 percent shall be amortized over the remaining life of the assets. It is further

ORDERED that the provisions of this Order, issued as proposed agency action, shall become final and effective upon the issuance of a Consummating Order unless an appropriate petition, in the form provided by Rule 28-106.201, Florida Administrative Code, is received by the Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on the date set forth in the "Notice of Further Proceedings" attached hereto. It is further

ORDERED that if no protest to the proposed agency action is filed by a substantially affected person within 21 days of the date of the order, a consummating order shall be issued and the docket shall be closed administratively after Jumper Creek has provided proof that its general ledgers have been updated to reflect the Commission approved balances as of March 28, 2013.

By ORDER of the Florida Public Service Commission this 11th day of June, 2014.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

As identified in the body of this order, our action determining net book value and approving a negative acquisition adjustment is preliminary in nature. Any person whose substantial interests are affected by the action proposed by this order may file a petition for a formal proceeding, in the form provided by Rule 28-106.201, Florida Administrative Code. This petition must be received by the Office of Commission Clerk, at 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on July 2, 2014. If such a petition is filed, mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing. In the absence of such a petition, this order shall become effective and final upon the issuance of a Consummating Order.

Any objection or protest filed in this docket before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.

Any party adversely affected by the Commission's final action in this matter may request: (1) reconsideration of the decision by filing a motion for reconsideration with the Office of Commission Clerk, within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or (2) judicial review by the Florida Supreme
