DOCKET NO. 140003-GU  
ORDER NO. PSC-14-0497-CFO-GU  
ISSUED: September 23, 2014

ORDER GRANTING FLORIDA PUBLIC UTILITIES COMPANY'S REQUEST FOR  
CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 04588-14)

On August 19, 2014, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Public Utilities Company (FPUC) filed a Request for Confidential Classification (Request) of certain information provided in the direct testimony of Michelle D. Napier (Document No. 04558-14). This Request was filed in Docket No. 140001-EI.

Request for Confidential Classification

FPUC contends that information contained in witness Napier's direct testimony contained on page 4, lines 3-7, 11-13, 14-15, and 20-24; and page 5, lines 1-10, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPUC asserts that this information is intended to be and is treated by FPUC as private and has not been publicly disclosed.

FPUC contends that certain information within witness Napier's testimony addressing its Purchased Gas Adjustment Actual/Estimated Projections pertains to contracts that have not yet been executed or approved, which if disclosed, would reveal contractual negotiations that the parties involved treat as proprietary confidential business information. FPUC also contends that disclosure of this information would harm FPUC's business operations and ratepayers by impairing its ability to effectively negotiate for goods and services. FPUC asserts that this information is protected pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of FPUC or its affiliates to contract for goods or services on favorable terms and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 04588-14 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPUC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown, as Prehearing Officer, that Florida Public Utilities Company's Request for Confidential Classification of Document No. 04588-14 is granted, as set forth herein. It is further

ORDERED that the information in Document No. 04588-14, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 23rd day of September, 2014.
