DOCKET NO. 140001-EI  
ORDER NO. PSC-14-0515-CFO-EI  
ISSUED: September 26, 2014

ORDER GRANTING DUKE ENERGY FLORIDA, INC.'S REQUEST FOR CONFIDENTIAL  
CLASSIFICATION AND MOTION FOR TEMPORARY PROTECTIVE ORDER  
(DOCUMENT NOS. 04382-14 AND 05344-14)

On August 13, 2014, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, Inc. (DEF) requested confidential classification (Request) for certain information provided in Attachments A and B to DEF's Hedging Report for the period January 2014 through July 2014 (Report) (Document No. 04382-14). This request was filed in Docket No. 140001-EI. On September 23, 2014, DEF also filed a Motion for Temporary Protective Order (Document No. 05344-14).

Request for Confidential Classification

DEF contends that certain information in its Report, as more specifically described by page and line in Exhibit C to its Request, constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. DEF affirms that the information is intended to be and is treated by DEF as private and has not been publically disclosed.

DEF contends that certain information contained within Attachment A and B to its Report relates to the actual hedging data for January 2014 through July 2014, such as volumes, hedging costs, and hedging gains/losses, the disclosure of which would impair the efforts of DEF or its affiliates to negotiate fuel supply contracts on favorable terms. DEF further contends that this information relates to the competitive interests of DEF and its fuel suppliers, the disclosure of which would impair their competitive businesses. DEF argues that this information constitutes proprietary confidential business information and is entitled to confidential treatment pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in Exhibit C, attached to DEF's Request, appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of DEF or its affiliates to contract for goods or services on favorable terms and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 04382-14 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

#### Motion for Temporary Protective Order

DEF also seeks protection of the documents as provided in Section 366.093(2), F.S., and Rule 25-22.006(6), F.A.C., while the material is in the possession of the Office of Public Counsel (OPC). Section 366.093(2), F.S., directs that all records produced pursuant to a discovery request for which proprietary confidential status is requested shall be treated by any party subject to the public records law as confidential and exempt from the public records law, Section 119.07(1), F.S. Rule 25-22.006(6), F.A.C., codifies the Commission's policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(a), F.A.C., in pertinent part, states:

In any formal proceeding before the Commission, any utility or other person may request a protective order protecting proprietary confidential business information from discovery. Upon a showing by a utility or other person and a finding by the Commission that the material is entitled to protection, the Commission shall enter a protective order limiting discovery in the manner provided for in Rule 1.280, Florida Rules of Civil Procedure.

In addition, Rule 25-22.006(6)(c), F.A.C., states that if a party allows OPC to inspect or take possession of utility information, then that "utility may request a temporary protective order exempting the information from section 119.07(1), F.S."

Upon consideration of DEF's assertions of the confidential nature of the information contained in Attachment A and B to its Report, DEF's Motion for Temporary Protective Order is hereby granted. As a result, this information shall be protected from disclosure pursuant to Rule 25-22.006(6)(c), F.A.C.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown, as Prehearing Officer, that Duke Energy Florida, Inc.'s Request for Confidential Classification of Document No. 04382-14 is granted. It is further

ORDERED that the information in Document No. 04382-14, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that the Motion for Temporary Protective Order, Document No. 05344-14, filed by Duke Energy Florida, Inc. is granted, as set forth herein. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
