clause with generating performance incentive
factor.

DOCKET NO. 140001-EI
ORDER NO. PSC-14-0554-CFO-EI
ISSUED: October 10, 2014

ORDER GRANTING FLORIDA PUBLIC UTILITIES COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION AND
MOTION FOR TEMPORARY PROTECTIVE ORDER (DOCUMENT NO. 05578-14)

On October 1, 2014, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Public Utilities Company (FPUC) filed a Request for Confidential Classification and Motion for Temporary Protective Order (Request) of certain information provided in response to the Florida Public Service Commission (Commission) Staff's First Request for Production of Documents, No. 1 (the discovery response) (Document No. 05578-14). This request was filed in Docket No. 140001-EI.

Request for Confidential Classification

FPUC contends that designated portions of the information contained in its discovery response constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPUC asserts that this information is intended to be and is treated by FPUC as private and has not been publicly disclosed.

FPUC contends that the discovery response contains invoices and contractual information regarding FPUC's experts and consultants involved in the analyses, proposals, and analytics necessary to develop certain power projects designed to reduce, over time, FPUC's fuel costs. FPUC asserts that the information contained in these documents is considered proprietary business information by FPUC and its service providers, the disclosure of which would harm the business interests of FPUC and its contract providers. FPUC contends that the information also includes rates for service provided by these vendors, as well as descriptions of services performed, the disclosure of which could harm FPUC's ability to negotiate for goods and services with consultants and similarly situated vendors, and could also adversely impact the projects referenced. FPUC argues that this information is protected pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has

not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears that the information described above satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in FPUC's Request appears to contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of FPUC or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 05578-14 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPUC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Motion for Temporary Protective Order

FPUC also seeks protection of the documents as provided in Section 366.093(2), F.S., and Rule 25-22.006(6), F.A.C., while the material is in the possession of the Office of Public Counsel (OPC). Section 366.093(2), F.S., directs that all records produced pursuant to a discovery request for which proprietary confidential status is requested shall be treated by any party subject to the public records law as confidential and exempt from the public records law, Section 119.07(1), F.S. Rule 25-22.006(6), F.A.C., codifies the Commission's policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(a), F.A.C., in pertinent part, states:

In any formal proceeding before the Commission, any utility or other person may request a protective order protecting proprietary confidential business information from discovery. Upon a showing by a utility or other person and a finding by the Commission that the material is entitled to protection, the Commission shall enter a protective order limiting discovery in the manner provided for in Rule 1.280, Florida Rules of Civil Procedure.

In addition, Rule 25-22.006(6)(c), F.A.C., states that if a party allows OPC to inspect or take possession of utility information, then that "utility may request a temporary protective order exempting the information from Section 119.07(1), F.S."

Upon consideration of FPUC's assertions of the confidential nature of the information contained in portions of the discovery response, Document No. 05578-14, FPUC's Motion for Temporary Protective Order is hereby granted. Accordingly, this information shall be protected from disclosure pursuant to Rule 25-22.006(6), F.A.C.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown, as Prehearing Officer, that Florida Public Utilities Company's Request for Confidential Classification of Document No. 05578-14 is granted. It is further

ORDERED that the information in Document No. 05578-14, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of the issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period. It is further

ORDERED that Florida Public Utilities Company's Motion for Temporary Protective Order of the information in Document No. 05578-14 is granted.

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 10th day of October, 2014.

JULIE I. BROWN
Commissioner and Prehearing Officer
Florida Public Service Commission
2540 Shumard Oak Boulevard

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
