DOCKET NO. 140001-EI
ORDER NO. PSC-14-0556-CFO-EI
ISSUED: October 10, 2014

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR
CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 05542-14)

On September 30, 2014, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a Request for Confidential Classification (Request) of certain information provided in the testimony and exhibits of Office of Public Counsel (OPC) witness Daniel J. Lawton (DJL-2-4) (Document No. 00542-14). This Request was filed in Docket No. 140001-EI.

Request for Confidential Classification

FPL contends that the information contained in OPC witness Lawton's testimony and exhibits, submitted in Docket No. 140001-EI and more specifically described in the tables in Exhibit C to its Request, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL asserts that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL contends that the information contains proprietary business information, including contractual data, the disclosure of which would violate nondisclosure provisions of existing FPL contracts and impair FPL's ability to contract for goods or services on favorable terms. FPL asserts, more specifically, that some of the documents contain information regarding gas reserves estimates, projected economics, and other terms which would provide other participants in the fuel and financial markets with insight into FPL's hedging practices. Additionally, FPL asserts that this information is related to the competitive interests of FPL, its affiliates, or its vendors, which, if disclosed, could place FPL at a competitive disadvantage when coupled with other information that is publically available. FPL argues that this information is protected pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section

366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in Exhibit C, attached to FPL's Request, appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of FPL or its affiliates to contract for goods or services on favorable terms and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 05542-14 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 05542-14 is granted, as set forth herein. It is further

ORDERED that the information in Document No. 05542-14, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 10th day of October, 2014.
