DOCKET NO. 140009-EI
ORDER NO. PSC-14-0633-CFO-EI
ISSUED: October 31, 2014

ORDER GRANTING DUKE ENERGY FLORIDA, INC.'S REQUEST FOR CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 06213-12)

On September 17, 2012, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, Inc. (DEF or Company) filed a Request for Confidential Classification (Request) of portions of Thomas G. Foster's Revised NFR Exhibit Nos. TGF-4 and TGF-5. This Request was filed in Docket No. 120009-EI.

Request for Confidential Classification

DEF contends that the information provided in its filing on September 17, 2012, Document No. 06312-12, as more specifically described in Appendix C attached to DEF's Request, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. DEF affirms that this information is intended to be and is treated by DEF as private and has not been publicly disclosed.

DEF asserts that the revised exhibits to the testimony of Mr. Foster contain confidential, proprietary business information regarding the purchase of equipment, materials, and services necessary for the construction and operation of the Crystal River Unit 3 Power Uprate (CR3 Uprate) project. DEF contends, more specifically, that portions of the revised NFR Exhibit Nos. TGF-4 and TGF-5 to Mr. Foster's testimony contain confidential and sensitive contractual terms, conditions, and numbers regarding the CR3 Uprate project, the disclosure of which would impair DEF's competitive business interests and the ability to negotiate favorable contracts, as well as violate contractual nondisclosure provisions of these contracts. Additionally, DEF asserts that all of these documents contain contractual quantities, timing, pricing arrangements and payments made between DEF and third parties that would adversely impact DEF's competitive business interests if disclosed to the public. DEF argues that this information is protected pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section

366.093, F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of DEF or its affiliates to contract for goods or services on favorable terms and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 06213-12 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown, as Prehearing Officer, that Duke Energy Florida, Inc.'s Request for Confidential Classification of Document No. 06213-12 is granted. It is further

ORDERED that the information in Document No. 06213-12, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 31st day of October, 2014.
