DOCKET NO. 150001-EI  
ORDER NO. PSC-15-0081-CFO-EI  
ISSUED: January 29, 2015

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR  
CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 06503-14)

On November 25, 2014, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a Request for Confidential Classification (Request) of certain information provided in the deposition transcript of the November 13-14, 2014 deposition of FPL witness Sam Forrest in this proceeding (Document No. 06503-14). This request was filed in Docket No. 140001-EI.

Request for Confidential Classification

FPL contends that the deposition transcript contains information of a confidential nature, which is proprietary confidential business information within the meaning of Section 366.093(3), Florida Statutes.

FPL contends that the information highlighted in Exhibit A is proprietary and confidential business information within the meaning of Section 366.093(3), F.S. This information is intended to be and is treated by FPL as private, and its confidentiality has been maintained. This information includes bids and other contractual data. Disclosure of this information would violate nondisclosure provisions of FPL's contracts with certain vendors and impair the efforts of FPL or its affiliates to contract for goods or services on favorable terms. This information is protected by Section 366.093(3)(d), F.S.

In addition, FPL contends that this information relates to competitive interests, the disclosure of which would impair the competitive business of FPL, its affiliates, or its vendors. Specifically, the documents contain information regarding gas reserves estimates, projected economics, and other terms. The disclosure of this proprietary confidential business information would provide other participants in the fuel and financial markets insight into FPL's hedging practices that would allow them to anticipate FPL's trading decisions and impair FPL's ability to negotiate for these commodities to the detriment of FPL and its customers. Disclosure of this information would also place FPL at a competitive disadvantage when coupled with other information that is publically available. Such information is protected pursuant to Section 366.093(3)(e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter

119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in Exhibit A, attached to FPL's Request, appears to be information concerning trade secrets and competitive interests, the disclosure of which would impair the competitive business of FPL or its affiliates or its vendors. Thus, the information identified in Document No. 06503-14 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Chairman Art Graham, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 06503-14 is granted. It is further

ORDERED that the information in Document No. 06503-14, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Chairman Art Graham, as Prehearing Officer, this 29th day of  
January, 2015.
