DOCKET NO. 20170001-EI
ORDER NO. PSC-2017-0404-CFO-EI
ISSUED: October 23, 2017

ORDER GRANTING TAMPA ELECTRIC COMPANY'S REQUEST
FOR CONFIDENTIAL CLASSIFICATION AND MOTION FOR
TEMPORARY PROTECTIVE ORDER (DN 08258-2017, X-REF. 07804-2017)

On October 6, 2017, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Tampa Electric Company (TECO) filed a Request for Confidential Classification and Motion for Temporary Protective Order for information provided pursuant to Audit No. 2017-048-2-2 (Request) (Document No. 08258-2017, x-ref. 07804-2017).

Request for Confidential Classification

TECO contends that the information provided pursuant to Audit No. 2017-048-2-2 contains information of a confidential nature, which is proprietary confidential business information within the meaning of Section 366.093(3), F.S.

TECO contends that the information is proprietary and confidential business information within the meaning of Section 366.093(3), F.S. This information is intended to be and is treated by TECO as private, and its confidentiality has been maintained. This information consists of Commission staff's work papers associated with its review of TECO's August 2016 through July 2017 hedging transactions, including pricing, volumes and counterparties. Disclosure of this information would adversely impact TECO's ability to negotiate the best prices for natural gas and could cause counterparties to refuse to conduct business with TECO. Thus, TECO contends that this information is protected by Sections 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or service on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information continues to satisfy the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to be information concerning hedging transactions, volumes, and counterparties, the disclosure of which could impair the competitive business of both TECO and its counterparties. Thus, the information identified in Document No. 08258-2017, x-ref. 07804-2017, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless TECO or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Motion for Temporary Protective Order

TECO also seeks protection of the documents as provided in Section 366.093(2), F.S., and Rule 25-22.006(6), F.A.C. Section 366.093(2), F.S., directs that all records produced pursuant to a discovery request for which proprietary confidential status is requested shall be treated by any party subject to the public records law as confidential and exempt from the public records law. Section 119.07(1), F.S. Rule 25-22.006(6), F.A.C., codifies the Commission's policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(a), F.A.C., in pertinent part, states:

In any formal proceeding before the Commission, any utility or other person may request a protective order protecting proprietary confidential business information from discovery. Upon a showing by a utility or other person and a finding by the Commission that the material is entitled to protection, the Commission shall enter a protective order limiting discovery in the manner provided for in Rule 1.280, Florida Rules of Civil Procedure.

Upon consideration of TECO's assertions of the confidential nature of the information contained in Document No. 08258-2017, x-ref. 07804-2017, TECO's Motion for Temporary Protective Order is hereby granted. As a result, this information shall be protected from disclosure pursuant to Rule 25-22.006(6), F.A.C.

Based on the foregoing, it is hereby

ORDERED by Ronald A. Brisé, as Prehearing Officer, that Tampa Electric Company's Request for Confidential Classification for portions of Audit No. 2017-048-2-2 (Document No. 08258-2017, x-ref. 07804-2017), is granted. It is further

ORDERED that the information in Document No. 08258-2017, x-ref. 07804-2017, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that Tampa Electric Company's Motion for Temporary Protective Order of the information in Document No. 08258-2017, x-ref. 07804-2017, is granted. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.
