In re: Petition for rate increase by Florida
Power & Light Company.

DOCKET NO. 20160021-EI
ORDER NO. PSC-2018-0193-CFO-EI
ISSUED: April 23, 2018

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
FIRST REQUEST FOR EXTENSION OF CONFIDENTIAL
CLASSIFICATION (DOCUMENT NO. 06791-16)

On February 20, 2018, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a request for extension of confidential classification for its response to Commission staff's Thirty Second Set of Interrogatories No. 401 (Document No. 06791-16). Order No. PSC-16-0345-CFO-EI, issued on August 22, 2016, previously granted confidentiality to this material. No objections to have been filed to this request.

Request for Confidential Classification

FPL contends that information contained in its response to Commission staff's Thirty Second Set of Interrogatories No. 401 continues to constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL asserts that this information is intended to be and is treated by FPL as private and has not been publicly disclosed. FPL's response to Commission staff's Thirty Second Set of Interrogatories No. 401 consists of an explanation of the natural gas storage optimization activity under FPL's asset optimization program for the months of January, March, June, and November 2015.

FPL has requested that this information be granted confidentiality for an additional period of 18 months and returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business.

Ruling

Section 366.093(1), F.S., provides that records that the Commission has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and that has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides, in pertinent part, that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears that the above-referenced information continues to satisfy the criteria set forth in Section 366.093(3)(b), F.S., for classification as proprietary confidential business information. The information at issue consists of the details of FPL's trading activity for natural gas storage capacity which, if disclosed, could impair FPL's ability to negotiate for goods and services at the lowest possible price and harm FPL's competitive interests. Thus, the information identified in Document No. 06791-16 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gary F. Clark, as Prehearing Officer, that Florida Power & Light Company's First Request for Extension of Confidential Classification of Document No. 06791-16, is granted, as set forth herein. It is further

ORDERED that the information in Document No. 06791-16, for which confidential classification has been granted, shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gary F. Clark, as Prehearing Officer, this 23rd day
of April, 2018.
