DOCKET NO. 20190072-EI  
ORDER NO. PSC-2019-0243-CFO-EI  
ISSUED: June 25, 2019

ORDER GRANTING CONFIDENTIAL CLASSIFICATION TO DUKE  
ENERGY FLORIDA, LLC (Document No. 03743-2019)

On April 16, 2019, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC, (DEF) filed a Request for Confidential Classification Request of information contained in Exhibit Nos. (MGS-2), (MGS-4), and (MGS-6) to the direct testimony of Matthew G. Stout (Document No. 03743-2019). This request was filed in Docket No. 20190072-EI.

Request for Confidential Classification

Duke Energy Florida, LLC (DEF) contends that the information contained Document No. 03743-2019 in Exhibit Nos. (MGS-2), (MGS-4), and (MGS-6) to the direct testimony of Matthew G. Stout, constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. DEF asserts that this information is intended to be and is treated by DEF as confidential and has not been publicly disclosed.

DEF contends that the estimated costs in rows titled “Major Equipment” and “Balance of System” of MGS-2, MGS-4, and MGS-6 contain confidential contractual costs that represent contractual cost data that both DEF, and parties it contracts with, treat as proprietary confidential business information. DEF also asserts that it is obligated to maintain the confidentiality of this information, and that the disclosure of it may cause the contracting parties, and other similarly situated parties, to forego entering into contracts with DEF. This could adversely impact DEF’s competitive business interests and the interests of its customers. Therefore, DEF argues that such information is entitled to confidential classification pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company’s ratepayers or business operations, and has not been voluntarily disclosed to the public. Section

366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in DEF's Request appears to contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of DEF or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 03743-2019 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Donald J. Polmann, as Prehearing Officer, that Duke Energy Florida, LLC's Request for Confidential Classification of Document No. 03743-2019 is granted. It is further

ORDERED that the information in Document No. 03743-2019 for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Duke Energy Florida, LLC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Donald J. Polmann, as Prehearing Officer, this 25th day of June, 2019.
