DOCKET NO. 20190018-EG
ORDER NO. PSC-2019-0300-CFO-EG
ISSUED: July 29, 2019

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 04684-2019)

On June 19, 2019, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC (DEF) filed a Request for Confidential Classification (Request) of information contained in DEF's Response to this Commission Staff's Third Set of Interrogatories (Nos. 49-58) (Document No. 04684-2019).

Request for Confidential Classification

DEF contends that the information contained in Exhibit A in the above-named document constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. DEF asserts that this information is intended to be and is treated by DEF as private and has not been publicly disclosed.

DEF specifically identifies the confidential business information as the algorithms and calculations regarding the PV Model that are contained in the document provided as an answer to staff's question No. 49c. DEF argues that the disclosure of that information to the public would adversely impact its competitive business interests and asks for confidential classification of this information for a period of at least 18 months.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information will be kept confidential and will be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3)(e), F.S., provides that proprietary confidential business information includes, but is not limited to, "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3)(e), F.S., for classification as proprietary confidential business information. Thus, the information identified in Document No. 04684-2019 will be granted confidential classification.

affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Donald J. Polmann, as Prehearing Officer, that Duke Energy Florida, LLC's Request for Confidential Classification of Document No. 4864-2019 is granted. It is further

ORDERED that the information in Document No. 4684-2019, for which confidential classification has been granted, will remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order will be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Donald J. Polmann, as Prehearing Officer, this 29th day of July, 2019.
