DOCKET NO. 20190001-EI
ORDER NO. PSC-2019-0349-CFO-EI
ISSUED: August 22, 2019

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 04583-2019, X-REF. 04254-2019)

On May 28, 2019, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a Request for Confidential Classification (Request) of certain information provided pursuant to Audit No. 2019-017-4-1 (Document No. 04583-2019, x-ref. 04254-2019).

Request for Confidential Classification

FPL contends that the information provided pursuant to Audit No. 2019-017-4-1 contains information of a confidential nature, which is proprietary confidential business information within the meaning of Section 366.093(3), Florida Statutes.

FPL contends that the information is proprietary and confidential business information within the meaning of Section 366.093(3), F.S. This information is intended to be and is treated by FPL as private, and its confidentiality has been maintained. This information includes internal auditing controls, reports, notes of internal auditors, and information relating to internal auditing reports issued in 2018. Pricing and other terms, payment records, and vendor and supplier rates, as well as information related to the purchase and sale of energy and capacity, natural gas, and natural gas storage are also included in this information. FPL contends that this contract information is protected by Section 366.093(3)(b), F.S. FPL further contends that the disclosure of this data would impair FPL's efforts to contract for energy and capacity-related goods and services on the most favorable terms and would impair the competitive interests of both FPL and its counterparties. Thus, FPL contends that this material is protected by Section 366.093 (d), F.S.

FPL further contends that this information relates to competitive interests, the disclosure of which would impair the competitive business of FPL, its affiliates, and its parent company, NextEra Energy. Such information is protected pursuant to Section 366.093(3)(e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has

not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (b) Internal auditing controls and reports of internal auditors.
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to be information concerning contractual data and competitive interests, the disclosure of which would impair the efforts of FPL to negotiate the lowest price for energy and capacity-related goods and services or impair the competitive business of FPL and its counterparties. Thus, the information identified in Document No. 04583-2019, x-ref. 04254-2019, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order unless good cause is shown that protection from disclosure shall be for a specified longer period. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Gary F. Clark, Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 04583-2019, x-ref. 04254-2019, is granted. It is further

ORDERED that the information in Document No. 04583-2019, x-ref. 04254-2019, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gary F. Clark, as Prehearing Officer, this 22nd day
of August, 2019.
