DOCKET NO. 20190007-EI
ORDER NO. PSC-2019-0393-CFO-EI
ISSUED: September 23, 2019

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
OF DOCUMENT NOS. 05418-2019 AND 04981-2019

On July 9, 2019, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL or Company) filed a Request for Confidential Classification (Request) of information provided to the staff of the Florida Public Service Commission (Staff) pursuant to Audit Control No. 2019-018-4-1 (Audit) (Document Nos. 05418-2019 and 04981-2019). This Request was filed in Docket No. 20190007-EI.

Request for Confidential Classification

FPL contends that the information provided to Staff pursuant to the Audit, as more specifically described in Exhibit C attached to its Request, constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Exhibit C is a table containing an identification of the information by page and line, along with a brief description. FPL asserts that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL contends that the information detailed in Exhibit C is proprietary confidential business information within the meaning of Section 366.093(3), F.S. FPL alleges that this information concerns bids or other contractual data, the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms. FPL also argues that the information concerns FPL's competitive interests, the disclosure of which would impair the competitive business of FPL and the Company's vendors. Given these facts, FPL argues that such information is entitled to confidential classification pursuant to Section 366.093(3)(d) and (e), F.S. FPL requests confidential classification of this information for a period of at least 18 months.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's

ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in FPL's Request appears to contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of FPL or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document Nos. 05418-2019 and 04981-2019 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gary F. Clark, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document Nos. 05418-2019 and 04981-2019 is granted. It is further

ORDERED that the information in Document Nos. 05418-2019 and 04981-2019, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Florida Power and Light Company or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gary F. Clark, as Prehearing Officer, this 23rd day of September, 2019.
