factor.

DOCKET NO. 20190001-EI
ORDER NO. PSC-2019-0421-CFO-EI
ISSUED: October 16, 2019

ORDER GRANTING DUKE ENERGY FLORIDA LLC'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NOS. 06046-2019, 06052-2019 AND 07512-2019)

On August 12, 2019, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC (DEF) filed a Request for Confidential Classification (Request) of DEF's response to Office of Public Counsel's (OPC) Third Request for Production of Documents No. 30 (Document No. 06046-2019) and its corrected response to OPC's Third Set of Interrogatories No. 16 (Document No. 06052-2019, x-ref. 07512-2019). DEF had previously filed Notices of Intent to Request Confidential Classification for OPC's Third Request for Production of Documents No. 30 (Document No. 05877-2019) and OPC's Third Set of Interrogatories No. 16 (Document No. 06045-2019), on July 22 and 25, 2019, respectively.

Request for Confidential Classification

DEF contends that the information contained in its response to OPC's, Third Request for Production of Documents No. 30 and corrected response to OPC's Third Set of Interrogatories No. 16, more specifically described in Exhibit C to its Request, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. DEF asserts that this information is intended to be and is treated by DEF as private and has not been publicly disclosed.

The information contained in DEF's responses to OPC's Third Request to Produce Documents No. 30 and OPC's Third Set of Interrogatories No. 16 consists of explanations and documents related to both the "long-term solution" and alternate solutions to the two L0 rows of low pressure turbine blades of Bartow Unit 4. This documentation includes requests for proposals and responses thereto by third-party vendors. Should this information become public, DEF argues that it will be less likely to secure contracts in the future that benefit its customers as vendors will not be assured that DEF can keep bidding information confidential. For these reasons, DEF states that this information is protected by Sections 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's

ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The requests for proposals and responses thereto by third-party vendors secured to solve the L0 low turbine blade issues at Bartow Unit 4, if disclosed, would impair the efforts of DEF to contract with third parties in the future. Further, disclosure of this information would impair the competitiveness of both DEF and its third party vendors. Thus, the information identified in Document Nos. 06046-2019, 06052-2019 and 07512-2019, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gary F. Clark, as Prehearing Officer, that Duke Energy Florida, LLC's Request for Confidential Classification of Document Nos. 06046-2019, 06052-2019 and 07512-2019, is granted, as set forth herein. It is further

ORDERED that the information in Document Nos. 06046-2019, 06052-2019 and 07512-2019, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gary F. Clark, as Prehearing Officer, this 16th day of October, 2019.

GARY F. CLARK

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
