

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for a limited proceeding to recover incremental storm restoration costs, capital costs, revenue reduction for permanently lost customers, and regulatory assets related to Hurricane Michael, by Florida Public Utilities Company.

DOCKET NO. 20190156-EI
ORDER NO. PSC-2019-0501-PCO-EI
ISSUED: November 22, 2019

The following Commissioners participated in the disposition of this matter:

ART GRAHAM, Chairman
JULIE I. BROWN
DONALD J. POLMANN
GARY F. CLARK
ANDREW GILES FAY

ORDER APPROVING FLORIDA PUBLIC UTILITIES COMPANY'S
AND THE OFFICE OF PUBLIC COUNSEL'S JOINT MOTION
FOR APPROVAL OF STIPULATION FOR IMPLEMENTATION
OF RATE INCREASE SUBJECT TO REFUND

BY THE COMMISSION:

Background

On August 7, 2019, Florida Public Utilities Company (FPUC or Company) filed a petition for a limited proceeding, seeking recovery of costs for storm restoration associated with Hurricane Michael. FPUC is an electric utility company which serves approximately 32,000 customers across its two service territories, Amelia Island (Northeast Division) and the north central panhandle (Northwest Division). The Company stated that its Northwest Division experienced catastrophic damage as a result of Hurricane Michael, resulting in a loss of service to 100 percent of its customers in the Northwest Division.

On October 25, 2019, FPUC and the Office of Public Counsel (OPC) filed the attached joint motion for approval of stipulation for implementation of a base rate increase in order to coincide with a reduction in the 2020 fuel factors proposed in Docket No. 20190001-EI (Attachment A). The proposed base rate increase would be held subject to refund, with interest, pending the final disposition of this case. Both the Company and OPC have indicated that it is their understanding that the interim revenues resulting from the proposed base rate increase, that are subject to refund with interest, are to be secured by a corporate undertaking.

We have jurisdiction pursuant to Sections 366.076(1) and 366.06, Florida Statutes.

Decision

Based on our review of the information provided by FPUC and OPC, we hereby approve the Joint Motion of Florida Public Utilities Company and the Office of Public Counsel for Approval of Stipulation for Implementation of Rate Increase Subject to Refund as being in the public interest. The interim rate increase will allow for FPUC to offset its projected reduction in fuel costs with the storm restoration costs, subject to refund, and will avoid rate shock for FPUC's customers. We accordingly authorize FPUC to implement an interim rate increase, subject to refund. This is not a confirmation or endorsement of the prudence of FPUC's costs and plans. This order only allows FPUC to begin recovery on an interim basis, subject to true-up, following a hearing or formal proceeding where the veracity and prudence of FPUC's actual storm restoration costs can be fully vetted. After the actual costs are reviewed for prudence and reasonableness, and are compared to the actual amount recovered through the interim rate increase, a determination will be made whether any over/under recovery has occurred. The disposition of any over/under recovery, and associated interest, shall be considered by us at a later date.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the Joint Motion of Florida Public Utilities Company and the Office of Public Counsel for Approval of Stipulation for Implementation of Rate Increase Subject to Refund, attached hereto as Attachment A, and incorporated by reference, is hereby approved. It is further

ORDERED that Florida Public Utilities Company is hereby authorized to implement interim rates, subject to refund. It is further

ORDERED that all funds collected by Florida Public Utilities Company subject to refund shall be secured by a corporate undertaking. It is further

ORDERED that this docket shall remain open for future disposition by this Commission.

By ORDER of the Florida Public Service Commission this 22nd day of November, 2019.

ADAM J. TEITZMAN
Commission Clerk
Florida Public Service Commission

Copies furnished: A copy of this document is provided to the parties of record at the time of issuance and, if applicable, interested persons.

RAD

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.

Re: Docket No. 20190156-EI - Petition for a limited proceeding to recover incremental storm restoration costs, capital costs, revenue reduction for permanently lost customers, and regulatory assets related to Hurricane Michael, by Florida Public Utilities Company.

Dear Mr. Teitzman:

Enclosed for electronic filing, please find the Joint Motion for Approval of Stipulation for Implementation of Rate Increase Subject to Refund, submitted on behalf of Florida Public Utilities Company and the Office of Public Counsel in the above-referenced docket. Included with the Joint Motion is the referenced Stipulation, along with the following revised tariff sheets:

Tariff Sheets No. 40, 43, 35, 37, 49, 50, 52, 56, 57, 59, and 61.

Thank you for your assistance with this filing. As always, please don't hesitate to let me know if you have any questions or concerns.

Sincerely,

Beth Keating

**JOINT MOTION OF FLORIDA PUBLIC UTILITIES COMPANY
AND THE OFFICE OF PUBLIC COUNSEL FOR APPROVAL OF
STIPULATION FOR IMPLEMENTATION OF RATE INCREASE SUBJECT TO
REFUND**

Florida Public Utilities Company (“FPUC” or “Company”) and the Office of Public Counsel (“OPC”) (collectively, “Joint Movants”), by and through their undersigned attorneys, respectfully move the Florida Public Service Commission (“Commission”) to approve the Stipulation for Rate Increase Subject to Refund (“Storm Interim Stipulation”) attached hereto as Attachment “A”. The Joint Movants have entered into this Storm Interim Stipulation to avoid confusing price signals for the Company’s customers associated with a corresponding proposed decrease in the Company’s Fuel Charge, which has been proposed in Docket No. 20190001-EI. The Joint Movants respectfully suggest that implementing a rate increase to be held subject to refund in an amount that approximately offsets the Fuel cost decrease will help limit customer confusion associated with a significant bill decrease followed soon thereafter with what could, potentially, be a significant bill increase given the Company’s request put forth in this limited proceeding. In support hereof, the Joint Movants state as follows:

1. On October 10, 2018, Hurricane Michael, as a Category 5 hurricane, inflicted unprecedented and catastrophic damage in both breadth and scope to FPUC’s facilities in its Northwest Electric Division.

Docket No. 20190156-EI

2. On August 7, 2019, FPUC petitioned the Florida Public Service Commission (“the Commission”) for a limited proceeding for a revenue increase to recover \$28.2 million associated with capital additions and the cost of removal in the wake of Hurricane Michael, a regulatory asset in the amount of \$39.2 million that consists of incremental storm restoration costs arising from Hurricane Michael, and a regulatory asset in the amount of \$1.6 million also arising from the impacts of Hurricane Michael for total costs of \$69 million with the effective day of such rate increase to be January 2, 2020 (“Limited Proceeding”).

3. OPC filed a notice of its intervention on August 14, 2019.

4. The Joint Movants anticipate that FPUC will be allowed to implement significantly reduced Fuel Factors on January 1, 2020, as a result of the Commission’s proceedings in Docket No. 20190001-EI, while the Company’s Limited Proceeding will not be resolved before January 2, 2020.

5. Given the anticipated timing of this proceeding as it has developed to this point, it is clear that there will be a timing difference between the Fuel Factor reduction and the implementation of final relief in this proceeding and without the Interim Rate increase, subject to refund, this timing difference could generate unnecessary customer confusion as a result of significant bill fluctuations – a concern which Commission Staff has also noted. The Joint Movants respectfully suggest that approving this Storm Interim Stipulation will provide consistent price signals pending the outcome of this proceeding, which may avoid the anticipated customer confusion.

6. In recent weeks, the Joint Movants have engaged in negotiations to resolve this interim timing issue. These efforts have been successful and resulted in the Storm Interim Stipulation attached hereto as Attachment A.

Docket No. 20190156-EI

7. The Storm Interim Stipulation is the result of good faith efforts to address this timing issue in a manner that will provide the Company with some interim relief while protecting the Company's customers in two ways: 1) the interim rate increase is subject to refund and the OPC being afforded an opportunity to have a full evidentiary hearing on all costs related to the Limited Proceeding; and 2) the avoidance of a confusing fluctuation in their electric bills.¹ To emphasize, the ratepayers will be protected because all incremental revenues collected by the Company will be held subject to refund with interest and the OPC being afforded an opportunity to have a full evidentiary hearing on all costs related to the Limited Proceeding.

8. To date, no other parties have intervened in this proceeding. As the only two parties to the proceeding have executed the Storm Interim Stipulation, no party will be prejudiced by the proposed procedure or the Commission's approval of the Storm Interim Stipulation. Should any new party seek to intervene at any point in the future, in accordance with Commission rules, such party would then take the case as they find it.

9. The Joint Movants represent that the Storm Interim Stipulation: 1) provides an equitable means to preserve the parties' positions pending final resolution of the issues to be addressed in this proceeding; 2) establishes an interim increase that the Joint Movants believe will avoid or minimize customer confusion that could otherwise be expected with significant bill fluctuations; and 3) protects the customers by ensuring that the incremental revenues received by the Company through this rate increase will be applied to the amount that the Commission ultimately decides is appropriate for recovery in this proceeding. As such, the Joint Movants respectfully suggest that approval of the Storm Interim Stipulation is in the best interests of both the Company and its customers, and as such, it is in the public interest.

¹ The Company further notes that, due to technical impediments in FPUC's billing system, the Company would not otherwise be able to implement a new, separate rate to address this issue in time to coincide with the Fuel charge decrease.

Docket No. 20190156-EI

WHEREFORE, the Joint Movants hereby respectfully request that the Commission grant this Joint Motion, approve the Stipulation for Increase Subject to Refund attached hereto as Attachment "A", and allow the Company to implement the rates included in the tariff sheets incorporated therein as "Exhibit A" effective January 2, 2020.

Respectfully submitted this 25th day of October 2019, by:

Public Utilities Company.) October 25, 2019

STIPULATION FOR IMPLEMENTATION OF RATE INCREASE SUBJECT TO REFUND

WHEREAS, Florida Public Utilities Company (“FPUC” or “Company”) and the Office of Public Counsel (“OPC”) have signed this Stipulation for Implementation of Rate Increase Subject to Refund (“Storm Interim Stipulation”) regarding the implementation of a rate increase to be held subject to refund pending the resolution of the proceedings in this Docket; and

WHEREAS, unless the context clearly intends otherwise, the term “Party” or “Parties” shall mean a signatory or signatories to this Storm Interim Stipulation; and

WHEREAS, on August 7, 2019, FPUC petitioned the Florida Public Service Commission (“the Commission”) for a limited proceeding for a revenue increase to recover \$28.2 million associated with capital additions and the cost of removal in the wake of Hurricane Michael, a regulatory asset in the amount of \$39.2 million that consists of incremental storm restoration costs arising from Hurricane Michael, and a regulatory asset in the amount of \$1.6 million also arising from the impacts of Hurricane Michael for total costs of \$69 million with the effective day of such rate increase to be January 2, 2020 (“Limited Proceeding”); and

WHEREAS, the Parties anticipate that FPUC will be allowed to implement significantly reduced Fuel Factors on January 1, 2020, as a result of the Commission’s proceedings in Docket No. 20190001-EI; and

WHEREAS, it has become clear that the Company’s Limited Proceeding will not be resolved before January 2, 2020; and

WHEREAS, it is indisputable that the annual recovery on the \$39.2 million storm cost asset alone, if spread over a period of at least 5 years, exceeds the amount of substantially

Docket No. 20190156-EI

reduced fuel factors that will become effective January 1, 2020, as does the Company's fully requested amount (which is in dispute) spread over 10 years ; and

WHEREAS, the Parties desire to avoid a situation in which FPUC's customers experience a significant bill reduction followed soon thereafter by a significant increase to their electric bill, which the Parties agree could be unnecessarily confusing; and

WHEREAS, the Parties have endeavored in good faith to arrive at a reasonable solution to this issue pending further proceedings in this Docket to address the specifics of the Company's Limited Proceeding request; and

WHEREAS, the legal system, as well as the Commission, favors settlement of disputes, including interim solutions, for a variety of reasons, including that they are in the public interest; and

WHEREAS, the Parties to this Storm Interim Stipulation, individually and collectively, agree that this Storm Interim Stipulation, when taken as a whole, is in the public interest pending the outcome of this Docket; and

WHEREAS, the Parties have entered into this Storm Interim Stipulation in compromise of positions taken in accord with their rights and interests under Chapters 350, 366 and 120, Florida Statutes, as applicable, and as part of a negotiated exchange of consideration among the Parties, each Party has agreed to concessions to the others with the expectation, intent, and understanding such that all provisions of this Storm Interim Stipulation, upon approval by the Commission, will be enforced by the Commission as to all matters addressed herein with respect to both Parties; and

WHEREAS, the Parties agree that this Storm Interim Stipulation is not inconsistent with or contrary to the Stipulation and Settlement approved in Docket No. 20170150-EI; and

WHEREAS, the Parties are aware that due to the technical limitations of the Company's billing system, it is not feasible to implement a separate storm surcharge by January 1, 2020 as contemplated in the Stipulation and Settlement approved in Docket No. 2017150-EI; and

Docket No. 20190156-EI

WHEREAS, Hurricane Michael, as a Category 5 Hurricane, inflicted unprecedented and catastrophic damage in both breadth and scope to FPUC's facilities in its Northwest Electric Division; and

WHEREAS, the Commission's authority to approve the implementation of rates to be held subject to refund pending further proceedings is well-established; and

WHEREAS, by entering into this Storm Interim Stipulation, OPC agrees that interim rates may go into effect as contemplated by this Storm Interim Stipulation and that the OPC will, subject to it being afforded an opportunity to have a full evidentiary hearing on all costs related to the Limited Proceeding, not object to the Commission approving the tariff filing(s) made in compliance with the terms and conditions of this Storm Interim Stipulation, which are attached hereto and incorporate herein as Exhibit A; and

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants set forth herein, which the Parties agree constitute good and valuable consideration, the Parties hereby stipulate and agree as follows:

I. This Storm Interim Stipulation will take effect upon Commission approval ("Effective Date") subject to the OPC being afforded an opportunity to have a full evidentiary hearing on all costs related to the Limited Proceeding and shall be implemented on the date of the meter reading for the first billing cycle on or after January 2, 2020 ("Implementation Date").

II. The base rate increase implemented in accordance with this Storm Interim Stipulation ("Interim Rates") and the tariffs included in Exhibit A hereto, will be subject to the OPC being afforded an opportunity to have a full evidentiary hearing on all costs related to the Limited Proceeding and will remain in effect until the proceedings in this Docket are concluded and the Commission establishes new base rates to be implemented by the Company.

III. FPUC shall, after Commission approval of the Interim Rate, immediately withdraw the tariffs filed with the August 7, 2019 Limited Proceeding.

Docket No. 20190156-EI

IV. The Company will, pursuant to Section 366.06(3), Fla. Stat. and Citizens v. Wilson, 567 So. 2d 889 (Fla. 1990), hold revenues associated with the incremental increase generated by the Interim Rates subject to refund, with interest, pending the establishment of new rates for the Company at the conclusion of this proceeding, and a determination by the Commission of whether a refund of any amount collected pursuant to this Storm Interim Stipulation is due.

V. At the conclusion of this proceeding, the amount of revenue collected through Interim Rates, excluding any refund amount paid directly to the customers, will be applied to reduce the Commission-approved total revenue requirement established in this docket remaining to be collected through a final base rate adjustment.

VI. The Parties reserve all rights, unless such rights are expressly waived or released, under the terms of this Storm Interim Stipulation.

VII. The Parties hereto agree that this Storm Interim Stipulation is in the public interest for the period pending final resolution of the Company's Petition in this Docket. As such, the Parties agree that this Storm Interim Stipulation should be approved. The Parties likewise agree and acknowledge that the Commission's approval of this Storm Interim Stipulation promotes planning and regulatory certainty for both FPUC and its customers.

VIII. This Storm Interim Stipulation is dated as of October 25, 2019. It may be executed in one (1) or more counterparts, all of which will be considered one and the same Storm Interim Stipulation and each of which will be deemed an original.

[SIGNATURE PAGES FOLLOW]

RESIDENTIAL SERVICE*

Availability

Available within the territory served by the Company in Jackson, Calhoun and Liberty Counties and on Amelia Island in Nassau County.

Applicability

Applicable for service to a single family dwelling unit occupied by one family or household and for energy used in commonly-owned facilities in condominium and cooperative apartment buildings.

Character of Service

Single-phase service at nominal secondary voltage of 115/230 volts; three-phase service if available.

Limitations of Service

The maximum size of any individual single-phase motor hereunder shall not exceed five (5) horsepower.

The Company shall not be required to construct any additional facilities for the purpose of supplying three-phase service unless the revenue to be derived therefrom shall be sufficient to yield the Company a fair return on the value of such additional facilities.

Monthly Rate

Customer Facilities Charge:

\$23.35 per customer per month

Base Energy Charge:

3.269¢/KWH for usage up to 1000 KWH's/month

5.354 ¢/KWH for usage above 1000 KWH's/month

Purchased Power Charges

Purchased power charges are adjusted by the Florida Public Service Commission, normally each year in January. For current purchased power costs included in the tariff, see Sheet Nos. 65 & 66.

GENERAL SERVICE - LARGE DEMAND 1

Availability

Available within the territory served by the Company in Jackson, Calhoun, and Liberty Counties and on Amelia Island in Nassau County.

Applicability

Applicable to commercial and industrial services of customers contracting for at least 5,000 kilowatts of electric service.

Character of Service

Three-phase, 60 hertz, electric service delivered and metered at a single point at the available transmission voltage, nominally 69,000 volts or higher.

Monthly Base Rates

Customer Facilities Charge:	\$1,342.67
Base Transmission Demand Charge:	\$2.50/KW of Maximum/NCP Billing Demand
Excess Reactive Demand Charge:	\$0.60/kVar of Excess Reactive Demand

Purchased Power Charges (See Sheet 52 for descriptions)

The Purchased Power Charges recover Energy and Demand Charges billed to FPUC by FPUC's Wholesale Energy Provider and Wholesale Cogeneration Provider including applicable line losses and taxes. Purchased power charges are adjusted by the Florida Public Service Commission, normally each year in January. For correct purchased power charges included in the tariff, see Sheet No. 70 & 71.

Minimum Bill

The minimum monthly bill is the sum of the Transmission Demand Charge and the Customer Charge plus any Purchased Power Charges attributed to Transmission Demand Fuel Charge.

Terms of Payment

Bills are rendered net and due and payable within twenty (20) days from date of bill.

Conservation Costs

See Sheet Nos. 65 & 66.

Franchise Fee Adjustment

Customers taking service within franchise areas shall pay a franchise fee adjustment in the form of a percentage to be added to their bills prior to the application of any appropriate taxes. This percentage shall reflect the customer's pro rata share of the amount the Company is required to pay under the franchise agreement with the specific governmental body in which the customer is located.

Cancels Second Revised Sheet No. 52

*RATE SCHEDULE SB
STANDBY SERVICE*

Availability

Available within the territory served by the Company in Jackson, Calhoun and Liberty Counties and on Amelia Island in Nassau County.

Applicability

Applicable only to customers which are self-generators with capabilities of serving the customer's full electronic power requirements and that require backup and/or maintenance service on a firm basis. This rate schedule is not applicable to self-generating customers for supplemental service.

Character of Service

Single or three-phase service at available standard voltage.

Limitations of Service

Service shall be at a single metering point at one voltage. The contract demand shall not exceed the KW capacity of customer's generator.

Monthly Rate

Customer Facilities Charge:

- (a) For those customers who have contracted for standby service capacity of less than 500 KW- \$166.79
- (b) For those customers who have contracted for standby service of 500 KW or greater- \$1,342.67.

Local Facilities Charge:

- (a) For those customers who have contracted for standby service capacity of less than 500 KW- \$4.34/KW.
- (b) For those customers who have contracted for standby service of 500 KW or greater - \$1.08/KW.

Purchased Power Charges

Demand and energy used by the customer in any month shall be charged at the then currently effective rates of the Company's wholesale supplier adjusted for estimated line losses and applicable taxes. Such charges will consist of Coincident Peak (CP) Demand charge and an energy charge. The CP Demand shall be the customer's measured KW coincident in time with that of the Company's maximum monthly demand at the substation serving the system to which the customer is connected. The energy charge shall be applied to the measured KWH during the billing period and shall be based on the actual energy charge (including fuel charges) of the Company's wholesale supplier during the billing period.

The currently effective rates of the Company's wholesale supplier would result in the following demand and energy charges for purchased power after adjustment for estimated line losses and applicable taxes. These are shown for illustrative purposes only. Actual purchased power rates in effect at the time of use shall be used for determining the monthly unit charges.

CP Demand Charge - Each KW of CP Demand	\$5.62/KW
Energy Charge - All	3.583¢

*RATE SCHEDULE OSL
 MERCURY VAPOR LIGHTING SERVICE
 (Closed To New Installations)*

(Continued from Sheet No. 58)

Availability

Available within the territory served by the Company in Calhoun, Jackson and Liberty Counties and on Amelia Island in Nassau County.

Applicability

Applicable to customer for mercury vapor lighting service.

Character of Service

Lighting service from dusk to dawn as described herein.

Limitations of Service

Service is limited to lighting by mercury vapor lamps of 7,000 or 20,000 initial level of lumens mounted on wood poles, as described herein.

Monthly Rate

When lighting fixtures are mounted on existing poles and served directly from existing overhead secondary distribution lines:

Lamp Size Lumens	KWH/Mo. Estimate	Facilities Charge	Maintenance* Charge	Energy Charge	Total Charge
7,000	72	\$1.92	\$1.70	\$5.09	\$8.71
20,000	154	\$2.11	\$1.83	\$10.95	\$14.89

For concrete or fiberglass poles and/or underground conductors, etcetera, the customer shall pay a lump sum amount equal to the estimated differential cost between the special system and the equivalent overhead-wood pole system.

Purchased Power Charges

Purchased power charges are adjusted by the Florida Public Service Commission, normally each year in January. For current purchased power costs included in the tariff, see Sheet Nos. 65 & 66.

Minimum Bill

The above rates times the number of lamps connected.

Terms of Payment

Bills are rendered net and are due and payable within twenty (20) days from date of bill.

*RATE SCHEDULE IS-EXP
INTERRUPTIBLE (EXPERIMENTAL)*

Availability

Available within the territory served by the Company in Jackson, Calhoun and Liberty Counties. This service is limited to a maximum of 4 customers. This Rate Schedule shall expire on February 8, 2015.

Applicability

Applicable to customers eligible for Rate Schedule GSLD with a load factor equal to or exceeding 35% and who have executed a Special Contract approved by the Commission. The company reserves the right to limit the total load and type customer served under this rate. Accounts established under this rate will be limited to premises where the interruption will primarily affect the customer, its employees, agents, lessees, tenants and guests and will not significantly affect members of the general public nor interfere with functions performed for the protection of public health or safety.

Character of Service

Three-phase service at available standard voltage.

Limitations of Service

Service shall be at a single metering point at one voltage. Interruptible service under this rate is subject to interruption during any On-Peak time period that the Company elects to notify customer, with a minimum of two (2) hours notice, that the customer must fully interrupt taking electric power from the Company. The Company is limited to an On-Peak period maximum of 200 hours of required interruption per year per customer.

Monthly Rate

Customer Facilities Charge:
\$216.83 per customer per month

Demand Charge:
Each KW of Billing Demand \$ 8.84/KW

Base Energy Charge:
All KWH 0.350¢/KWH

Purchased Power Charges

Purchased power charges are adjusted by the Florida Public Service Commission, normally each year in January. For current purchased power costs included in the tariff, see Sheet Nos. 65 & 66.

Minimum Bill

The minimum monthly bill shall consist of the above Customer Facilities Charge plus the Demand Charge for the currently effective billing demand.

Terms of Payment

Bills are rendered net and are due and payable within twenty (20) days from date of bill.

RESIDENTIAL SERVICE*

Availability

Available within the territory served by the Company in Jackson, Calhoun and Liberty Counties and on Amelia Island in Nassau County.

Applicability

Applicable for service to a single family dwelling unit occupied by one family or household and for energy used in commonly-owned facilities in condominium and cooperative apartment buildings.

Character of Service

Single-phase service at nominal secondary voltage of 115/230 volts; three-phase service if available.

Limitations of Service

The maximum size of any individual single-phase motor hereunder shall not exceed five (5) horsepower.

The Company shall not be required to construct any additional facilities for the purpose of supplying three-phase service unless the revenue to be derived therefrom shall be sufficient to yield the Company a fair return on the value of such additional facilities.

Monthly Rate

Customer Facilities Charge:

~~\$14.69~~ 23.35 per customer per month

Base Energy Charge:

~~2.0573~~ 2.269¢/KWH for usage up to 1000 KWH's/month

~~3.3695~~ 3.354 ¢/KWH for usage above 1000 KWH's/month

Purchased Power Charges

Purchased power charges are adjusted by the Florida Public Service Commission, normally each year in January. For current purchased power costs included in the tariff, see Sheet Nos. 65 & 66.

Minimum Bill

The minimum monthly bill shall consist of the above Customer Facilities Charge.

7)	10' Deco Base Aluminum	\$ 16,0925.57
8)	30' Wood Pole Std	\$ 4,647.37

For the poles shown above that are served from an underground system, the Company will provide up to one hundred (100) feet of conductor to service each fixture. The customer will provide and install the necessary conduit system to Company specifications.

Purchased Power Charges

Purchased power charges are adjusted annually by the Florida Public Service Commission. For current purch

Minimum Bill

The above rates times the number of lamps connected.

Terms of Payment

Bills are rendered net and are due and payable within twenty (20) days from date of bill.

Purchased Power Costs

See Sheet No. 65 & 66.

Conservation Costs

See Sheet No. 65 & 66.

Franchise Fee Adjustment

Customers taking service within franchise areas shall pay a franchise fee adjustment in the form of a percentage to be added to their bills prior to the application of any appropriate taxes. This percentage shall reflect the customer's pro rata share of the amount the Company is required to pay under the franchise agreement with the specific governmental body in which the customer is located.

*RATE SCHEDULE OS1
 MERCURY VAPOR LIGHTING SERVICE
 (Closed To New Installations)*

(Continued from Sheet No. 58)

Availability

Available within the territory served by the Company in Calhoun, Jackson and Liberty Counties and on Amelia Island in Nassau County.

Applicability

Applicable to customer for mercury vapor lighting service.

Character of Service

Lighting service from dusk to dawn as described herein.

Limitations of Service

Service is limited to lighting by mercury vapor lamps of 7,000 or 20,000 initial level of lumens mounted on wood poles, as described herein.

Monthly Rate

When lighting fixtures are mounted on existing poles and served directly from existing overhead secondary distribution lines:

Lamp Size	KWH/Mo.	Facilities	Maintenance*	Energy	Total
Lumens	Estimate	Charge	Charge	Charge	Charge
7,000	72	\$1,241.92	\$1,071.70	\$3,205.09	\$5,488.71
20,000	154	\$1,332.11	\$1,151.83	\$6,891.05	\$9,374.89

For concrete or fiberglass poles and/or underground conductors, etcetera, the customer shall pay a lump sum amount equal to the estimated differential cost between the special system and the equivalent overhead-wood pole system.

Purchased Power Charges

Purchased power charges are adjusted by the Florida Public Service Commission, normally each year in January. For current purchased power costs included in the tariff, see Sheet Nos. 65 & 66.

Minimum Bill

The above rates times the number of lamps connected.

Terms of Payment

Bills are rendered net and are due and payable within twenty (20) days from date of bill.

*RATE SCHEDULE IS-EXP
INTERRUPTIBLE (EXPERIMENTAL)*

Availability

Available within the territory served by the Company in Jackson, Calhoun and Liberty Counties. This service is limited to a maximum of 4 customers. This Rate Schedule shall expire on February 8, 2015.

Applicability

Applicable to customers eligible for Rate Schedule GSLD with a load factor equal to or exceeding 35% and who have executed a Special Contract approved by the Commission. The company reserves the right to limit the total load and type customer served under this rate. Accounts established under this rate will be limited to premises where the interruption will primarily affect the customer, its employees, agents, lessees, tenants and guests and will not significantly affect members of the general public nor interfere with functions performed for the protection of public health or safety.

Character of Service

Three-phase service at available standard voltage.

Limitations of Service

Service shall be at a single metering point at one voltage. Interruptible service under this rate is subject to interruption during any On-Peak time period that the Company elects to notify customer, with a minimum of two (2) hours notice, that the customer must fully interrupt taking electric power from the Company. The Company is limited to an On-Peak period maximum of 200 hours of required interruption per year per customer.

Monthly Rate

Customer Facilities Charge:

~~\$136.45~~216.83 per customer per month

Demand Charge:

Each KW of Billing Demand

\$ ~~5.568~~84/KW

Base Energy Charge:

All KWH 0.220350¢/KWH

Purchased Power Charges

Purchased power charges are adjusted by the Florida Public Service Commission, normally each year in January. For current purchased power costs included in the tariff, see Sheet Nos. 65 & 66.

Minimum Bill

The minimum monthly bill shall consist of the above Customer Facilities Charge plus the Demand Charge for the currently effective billing demand.

Terms of Payment

Bills are rendered net and are due and payable within twenty (20) days from date of bill.
