DOCKET NO. 20200001-EI
ORDER NO. PSC-2020-0391-CFO-EI
ISSUED: October 19, 2020

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S
REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 06152-2018, X-REF. 05770-2018)

On April 15, 2020, Duke Energy Florida, LLC (DEF) filed its Request for Extension of Confidential Classification of Audit No. 2018-058-2-1 (Document No. 06152-2018, x.ref. 05770-2018). On September 20, 2018, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), DEF filed its original Request for Confidential Classification (Request) for Audit No. 2018-058-2-1 (Document No. 06152-2018, x.ref. 05770-2018). Audit No. 2018-058-2-1 was granted confidentiality by Order No. PSC-2018-0508-CFO-EI, issued on October 22, 2018.

Request for Confidential Classification

DEF contends that the information provided pursuant to Audit No. 2018-058-2-1 contains information of a confidential nature, which is proprietary confidential business information within the meaning of Subsection 366.093(3), F.S.

DEF contends that the information is proprietary and confidential business information within the meaning of Subsection 366.093(3), F.S. This information is intended to be and is treated by DEF as private, and its confidentiality has been maintained. This information includes details about DEF's fuel hedging volume, practices and procedures, forecasts, and percentages. Disclosure of this type of information would allow the opportunity for market manipulation through transactions made in anticipation of the company's entry into the market which would result in higher prices for natural gas. Therefore, DEF contends that this information is protected by Subsection 366.093(3)(e), F.S. Further, releasing the bid and contract data contained in the audit would impair the competitive businesses of both DEF and its suppliers in violation of Subsection 366.093(3)(d), F.S.

Ruling

Subsection 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Subsection 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Subsection 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or service on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Nothing has changed since the classification of the Audit No. 2018-058-2-1 materials as confidential in October 2018. Upon review, it appears the above-referenced information continues to satisfy the criteria set forth in Subsection 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to be information concerning fuel hedging volume, practices and procedures, forecasts, and percentages, the disclosure of which could impair the competitive business of both DEF and its vendors. Thus, the information identified in Document No. 06152-2018, x.ref. 05770-2018, shall continue to be granted confidential classification.

Pursuant to Subsection 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Subsection 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Andrew Giles Fay, as Prehearing Officer, that Duke Energy Florida, LLC's Request for Extension of Confidential Classification for portions of Audit No. 2018-058-2-1 (Document No. 06152-2018, x.ref., 05770-2018) is granted. It is further

ORDERED that the information in Document No. 06152-2018, x.ref., 05770-2018, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Andrew Giles Fay, as Prehearing Officer, this 19th day of October, 2020.
