In re: Application for authority to issue and sell securities during calendar years 2020 and 2021, pursuant to Section 366.04, F.S., and Chapter 25-8, F.A.C., by Florida Power & Light Company and Florida City Gas.

DOCKET NO. 20190157-EI  
ORDER NO. PSC-2021-0150-CFO-EI  
ISSUED: April 22, 2021

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY AND  
FLORIDA CITY GAS'S REQUEST FOR CONFIDENTIAL CLASSIFICATION  
OF DOCUMENT NO. 03123-2021

On March 30, 2021, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) and Florida City Gas (FCG) (collectively Companies) filed a Request for Confidential Classification of Certain material contained in portions of term loan agreements identified as Exhibits 1(t), 1(u), and 1(v); and signed opinion of legal counsel identified as Exhibit 2(i) to joint consummation report in Document No. 03123-2021. This request was filed in Docket No. 20190157-EI.

Request for Confidential Classification

FPL and FCG contends that the information contained in Exhibits 1(t), 1(u), 1(v), and 2(i) included in the Companies' 2020 consummation report constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL and FCG asserts that this information is intended to be and is treated by FPL and FCG as private and has not been publicly disclosed.

FPL and FCG contend that the exhibits contain certain information related to the Companies' competitive interests, the disclosure of which would impair the competitive business of FPL and FCG and their vendors. FPL and FCG state that the documents contain proprietary confidential business information and information concerning contractual data, the disclosure of which would impair the Companies' efforts to contract for goods or services on favorable terms. FPL and FCG argue that such information is entitled to confidential classification pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section

366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in FPL and FCG's request appears to contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of FPL and FCG or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 03123-2021 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL and FCG or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Art Graham, as Prehearing Officer, that Florida Power & Light Company and Florida City Gas's Request for Confidential Classification of Document No. 03123-2021 is granted. It is further

ORDERED that the information in Document No. 03123-2021, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Florida Power & Light and Florida City Gas or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 22nd day of April, 2021.
