DOCKET NO. 20210007-EI
ORDER NO. PSC-2021-0434-CFO-EI
ISSUED: November 19, 2021

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
SECOND REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION
(DOCUMENT NOS. 05340-2016 AND 04405-2016)

On October 26, 2021, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company ("FPL" or "Company") filed its Second Request for Extension of Confidential Classification ("Request") of materials provided pursuant to Audit No. 2016-028-4-1. Specifically, FPL seeks extended classification of Document Nos. 05340-2016 and 04405-2016.

Request for Extended Confidential Classification

In its Request, FPL states that the period of confidential classification granted by Order No. PSC-2018-0523-CFO-EI issued on November 2, 2018, would soon expire and that the information covered by that Order warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.093, F.S. FPL states that the information for which it seeks confidential classification remains "proprietary confidential business information" within the meaning of Subsection 366.093(3), F.S., as it is information relating to internal auditing controls and reports of internal auditors. FPL states that this information is intended to be and has been treated as confidential by the Company.

Ruling

Upon review, it appears that the information, which was the subject of Order No. PSC-2018-0523-CFO-EI continues to be proprietary confidential business information within the meaning of Section 366.093, F.S., to the same extent confidentiality was granted by the Commission's prior order. The information contained in Document Nos. 05340-2016 and 04405-2016 qualifies as proprietary confidential business information pursuant to Paragraph 366.093(3)(b), F.S., since it relates to internal auditing controls and reports of internal auditors. Accordingly, FPL's request for extension of confidential treatment of portions of the information contained in Document Nos. 05340-2016 and 04405-2016 shall be granted.

Pursuant to Subsection 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 36 months from the date of this Order. At the conclusion of the 36 month period, the confidential information will no longer be exempt from Subsection 119.07(1), F.S., unless FPL or another

affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Andrew Giles Fay as Prehearing Officer, that Florida Power & Light Company's Second Request for Extended Confidential Classification of information contained in Document Nos. 05340-2016 and 04405-2016 is granted. It is further

ORDERED that the information in Document Nos. 05340-2016 and 04405-2016 for which confidential classification has been granted shall remain protected from disclosure for a period of 36 months from the date of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Andrew Giles Fay, as Prehearing Officer, this 19th day of November, 2021.

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility.
