ORDER NO. PSC-2022-0260-CFO-EI
ISSUED: July 5, 2022

ORDER GRANTING GULF POWER COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 12676-2021)

On November 12, 2021, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Gulf Power Company (Gulf) filed a Request for Confidential Classification (Request) of Information Identified in its Notice of Filing Confidential Supporting Materials in Support of its Petition for Evaluation of Hurricane Sally Storm Costs (Document No. 12673-2021). This request was filed in Docket No. 20200241-EI.

Request for Confidential Classification

Gulf contends that the information submitted in support of its Petition and attached to the Request as Exhibit A constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. This information consists of vendor payments and travel orders related to Hurricane Sally. Gulf asserts that this information is intended to be and is treated by Gulf as private and has not been publicly disclosed.

Gulf contends that these documents it submitted in support of the Petition contain information relating to bids or other contractual data, the disclosure of which would impair the efforts of Gulf or its affiliates to contract for goods or services on favorable terms. Gulf argues that this information is protected by Section 366.093(3)(d), F.S. Gulf continues that these documents contain information relating to competitive interests, the disclosure of which would impair the competitive business of Gulf. On this basis, Gulf argues that this information is protected by Section 366.093(3)(e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in Gulf's Request appears to contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of Gulf or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 12676-2021 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Gulf or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Art Graham, as Prehearing Officer, that Gulf Power Company's Request for Confidential Classification of Document No. 12676-2021 is granted. It is further

ORDERED that the information in Document No. 12676-2021, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Gulf or

another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 5th day of July, 2022.
