DOCKET NO. 20230001-EI
ORDER NO. PSC-2023-0038-CFO-EI
ISSUED: January 11, 2023

ORDER GRANTING FPL POWER COMPANY'S SECOND REQUEST
FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 06149-2018)

On June 14, 2022, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed its Second Request for Extension of Confidential Classification of information provided pursuant to Audit No. 2018-058-1-1 (Document No. 06149-2018) (Request). This information was originally granted confidentiality by Order No. PSC-2018-0607-CFO-EI, issued December 21, 2018, and subsequently granted extended confidentiality by Order No. PSC-2020-0492-CFO-EI, issued December 14, 2020.

Request for Confidential Classification

FPL contends that the information provided pursuant to Audit No. 2018-058-1-1 contains information of a confidential nature, which is proprietary confidential business information within the meaning of Section 366.093(3), F.S.

FPL contends that the information is proprietary and confidential business information within the meaning of Section 366.093(3), F.S. This information is intended to be and is treated by FPL as private, and its confidentiality has been maintained. This information includes details concerning Gulf Power Company's pre-consolidation hedging activities between August 2017 and July 2018 including pricing terms and target ranges for hedging transactions. Disclosure of this information would adversely impact FPL's ability to conduct future hedging activities for maximum benefit to its ratepayers and may discourage counterparties from entering into contracts with FPL at all. Thus, FPL contends that this information is protected by Sections 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or service on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the information and data provided in this request continues to satisfy the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information regarding past hedging practices and prices, if disclosed, would impair the competitive business of the provider of the information as well as that of FPL. Thus the information identified in Document No. 06149-2018, shall continue to be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order unless good cause is shown to extend this period for a longer period of time. FPL has requested that we extend the confidential classification of Audit No. 2018-058-1-1 for a period of thirty-six (36) months. FPL argues that there are two reasons to extend the non-disclosure period. First, we retain our audits for a period of seven years at which time the materials are returned to FPL unless our staff or another affected person requests that these materials continue to be retained. Second, the nature of the material contained in Audit No. 2018-058-1-1 will not change over the next 36 months. Under these circumstances, administrative efficiency is served by granting confidentiality for a longer period of time. For this reason, confidential classification shall be granted for Audit No. 2018-058-1-1 for a period of 36 months. At the conclusion of the 36-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Mike La Rosa, as Prehearing Officer, that Florida Power & Light Power Company's Second Request for Confidential Classification for portions of Audit No. 2018-058-1-1 (Document No. 06149-2018) is granted. It is further

ORDERED that the information in Document No. 06149-2018, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 36 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Mike La Rosa, as Prehearing Officer, this 11th day of January, 2023.
