DOCKET NO. 20230001-EI
ORDER NO. PSC-2023-0070-CFO-EI
ISSUED: February 6, 2023

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S SECOND REQUEST
FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION OF
AUDIT NO. 2019-017-1-1 (DOCUMENT NO. 04071-2019, X-REF. 11412-2022)

On November 17, 2022, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed its Second Request for Extension of Confidential Classification of information provided pursuant to Audit No. 2019-017-1-1 (Request) (Document No. 04071-2019). This material was originally granted confidentiality by Order No. PSC-2019-0347-CFO-EI, issued August 22, 2019, which was extended by Order No. PSC-2021-0177-CFO-EI, issued May 19, 2021. FPL has reduced the number of pages in the audit for which confidentiality is sought in Document No. 11412-2022.

Request for Confidential Classification

FPL contends that the information provided pursuant to Audit No. 2019-017-1-1 continues to contain information of a confidential nature, which is proprietary confidential business information within the meaning of Section 366.093(3), F.S. This information is intended to be and is treated by FPL as private, and its confidentiality has been maintained. This information includes pricing data for coal, oil and natural gas transportation and storage. Disclosure of this information would adversely impact FPL's ability to negotiate the best prices for these commodities in the future. Thus, FPL contends that this information is protected by Paragraphs 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or service on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the information and data provided in this request continues to satisfy the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The pricing data appears to be “information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or service on favorable terms” and “information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 04071-2019, x-ref. 11412-2022, shall be granted continued confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. FPL has requested that these materials be given confidentiality for a period of 36 months. FPL argues that the Commission currently retains audit reports for a period of seven years at which time the audit materials are returned to FPL unless Commission staff or another affected person requests that the audit materials continue to be retained. The nature of these materials will not change in the next three years. Given these facts, administrative efficiency is served by extending the period of confidential classification for these materials for a period of 36 months.

Based on the foregoing, it is hereby

ORDERED by Mike La Rosa, as Prehearing Officer, that Florida Power & Light Company’s Second Request for Extension of Confidential Classification for portions of Audit No. 2019-017-1-1 (Document No. 04071-2019, x-ref. 11412-2022), is granted. It is further

ORDERED that the information in Document No. 04071-2019, x-ref. 11412-2022, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 36 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Mike La Rosa, as Prehearing Officer, this 6th day of February, 2023.
