ORDER GRANTING INTERVENTION FOR
FLORIDA INDUSTRIAL POWER USERS GROUP

Peoples Gas System, Inc., (PGS) filed its Minimum Filing Requirements (MFRs) on April 4, 2023, based on a projected test year ending December 31, 2024, seeking approval to increase rates and charges. Discovery guidelines, hearing procedures, and controlling dates were established by the Order Establishing Procedure, Order No. PSC-2023-0128-PCO-GU, issued on April 12, 2023. This docket is currently scheduled for hearing for August 29 – September 1, 2023.

Petition for Intervention

By petition dated February 14, 2023, the Florida Industrial Power Users Group (FIPUG) requested permission to intervene in this proceeding. FIPUG is an ad hoc association consisting of industrial users of electricity and natural gas in Florida. FIPUG states that the cost of natural gas to those FIPUG members receiving service from PGS is material and contributes to FIPUG members' overall costs of production and/or business operations. These FIPUG members require adequate, reasonably-priced, and reliable natural gas in order to compete effectively in their respective markets. FIPUG contends that decisions in this docket will have a direct and substantial impact on PGS's customers, including FIPUG members that receive natural gas and natural gas services from PGS, as the cost of natural gas represents a significant portion of its members' production costs. Further, FIPUG routinely appears on behalf of its members in cases concerning utility regulation for similar reasons. PGS does not oppose FIPUG's intervention.

Standards for Intervention

Pursuant to Rule 28-106.205, Florida Administrative Code (F.A.C.), persons, other than the original parties to a pending proceeding, who have a substantial interest in the proceeding and who desire to become parties may move for leave to intervene. Motions for leave to intervene must be filed at least twenty (20) days before the final hearing, must comply with Rule 28-106.204(3), F.A.C., and must include allegations sufficient to demonstrate that the intervenor

is entitled to participate in the proceeding as a matter of constitutional or statutory right or pursuant to Commission rule, or that the substantial interests of the intervenor are subject to determination or will be affected through the proceeding. Intervenors take the case as they find it.

To have standing, the intervenor must meet the three-prong standing test set forth in Florida Home Builders Association v. Department of Labor and Employment Security, 412 So. 2d 351, 353-54 (Fla. 1982), and Farmworker Rights Organization, Inc. v. Department of Health and Rehabilitative Services, 417 So. 2d 753, 754 (Fla. 1st DCA 1982), which is based on the basic standing principles established in Agrico Chemical Company v. Department of Environmental Regulation, 406 So. 2d 478, 481-82 (Fla. 2d DCA 1981).¹ Associational standing may be found where: (1) the association demonstrates that a substantial number of an association's members may be substantially affected by the Commission's decision in a docket; (2) the subject matter of the proceeding is within the association's general scope of interest and activity; and (3) the relief requested is of a type appropriate for the association to receive on behalf of its members. Fla. Home Builders, 412 So. 2d at 353-54; Farmworker Rights Org., 417 So. 2d at 754.

Analysis and Ruling

Pursuant to Rule 28-106.205(1), F.A.C., parties may file a response in opposition to intervention within seven days of service. No response in opposition of FIPUG's petition has been filed and the time for doing so has expired.

FIPUG has sufficiently alleged standing in this proceeding under the three-prong test set forth in Florida Home Builders: (1) FIPUG asserts that a substantial number of its members will be affected by the Commission's action taken on PGS's petition for rate increase and, as such, each FIPUG member that receives natural gas from PGS will be affected by the outcome of this case; (2) the subject matter of this proceeding includes evaluation of PGS's request for Commission review and approval of increased rates, which is within FIPUG's general scope of interest and activity on behalf of its members; further, FIPUG routinely appears on behalf of its members in cases concerning utility regulation, as the cost of natural gas represents a significant portion of its members' production costs; and (3) FIPUG's members are large industrial consumers of natural gas who will be affected by the outcome of this case. FIPUG seeks intervention in this docket to represent the interests of its members in seeking fair, just, and

¹ Under Agrico, the intervenor must show that (1) he will suffer injury in fact which is of sufficient immediacy to entitle him to a Section 120.57, F.S., hearing, and (2) the substantial injury is of a type or nature which the proceeding is designed to protect. The first aspect of the test deals with the degree of injury. The second deals with the nature of the injury. 406 So. 2d 478 at 482. The "injury in fact" must be both real and immediate and not speculative or conjectural. International Jai-Alai Players Assn. v. Florida Pari-Mutuel Commission, 561 So. 2d 1224, 1225-26 (Fla. 3d DCA 1990). See also Village Park Mobile Home Assn., Inc. v. State Dept. of Business Regulation, 506 So. 2d 426, 434 (Fla. 1st DCA 1987), rev. den., 513 So. 2d 1063 (Fla. 1987) (speculation on the possible occurrence of injurious events is too remote).

reasonable rates. FIPUG's participation in this docket to represent the interests of its members in seeking fair, just, and reasonable rates. FIPUG's participation in this docket is therefore appropriate and its petition for intervention is granted.
