In re: Petition for expedited review of NXX-X code denial by North American Numbering Plan Administration for Brooksville rate center, by Teleport Communications America, LLC - FL.

DOCKET NO. 20230080-TA
ORDER NO. PSC-2023-0201-PAA-TA
ISSUED: July 18, 2023

NOTICE OF PROPOSED AGENCY ACTION
ORDER DIRECTING SOMOS, INC. TO PROVIDE TELEPORT COMMUNICATIONS
AMERICA, LLC – FL WITH ADDITIONAL NUMBERING RESOURCES

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code (F.A.C.).

BACKGROUND

On May 17, 2023, Teleport Communications America, LLC (“Teleport” or “the Company”) filed a request for additional numbering resources from the Number Pooling Administrator, Somos, Inc. (Somos) for the Brooksville rate center. Teleport requested 1 block to meet the request of a specific customer for 10 consecutive numbers in the format of NPA-NXX-6,5,7 or 8. On May 17, 2023, Teleports’s request for additional numbering resources was denied because it did not meet the utilization criteria.

On Thursday, June 29, 2023, Teleport filed a petition requesting that the Commission overturn Somos’ decision. In its petition, Teleport asserts that at the time of the code request, the Brooksville exchange had a months-to-exhaust (MTE) of 4.623 months and utilization of 56.8%. Teleport requests that we reverse Somos’ decision because Somos’ denial interferes with Teleport’s ability to serve its customers in Florida.

We are vested with jurisdiction pursuant to Sections 364.16(7), Florida Statutes, (F.S.), and 47 C.F.R. §52.15.

ANALYSIS

Somos has denied Teleport additional numbering resources because the Company has not met the applicable utilization or MTE criteria. However, denial of additional numbering resources poses a possible barrier to competition. In this instance, a customer desiring service from Teleport might have to obtain services from another carrier simply because Teleport cannot

meet the utilization or months-to-exhaust rate center requirement. By Order No. DA 01-386,¹ the FCC stated:

Under no circumstances should consumers be precluded from receiving telecommunications services of their choice from providers of their choice for want of numbering resources.

A procedure is available to carriers who are denied additional numbering resources to challenge that decision. Addressing additional numbering resources denials, 47 C.F.R. §52.15(g)(4)(iv), states, in part:

The carrier may challenge [Somos'] decision to the appropriate state regulatory commission. The state regulatory commission may affirm, or may overturn, the [Somos] decision to withhold numbering resources from the carrier based on its determination that the carrier has complied with the reporting and numbering resource application requirements herein.

In reviewing the Company's petition as contemplated by 47 C.F.R. §52.15(g)(4)(iv), we have considered the information provided by Teleport and, in accordance with Order No. PSC-2001-1973-PCO-TL,² find that the Company has met the following criteria:

The Company has demonstrated that it has a customer in need of immediate numbering resources.

The Company has shown that it is unable to provide services to a potential customer because of Somos' denial of the numbering resources.

A potential customer cannot obtain service from the provider of its choice because the Company does not have the numbers available.

CONCLUSION

Based on the foregoing, we find it appropriate to reverse Somos' decision to deny additional numbering resources, and direct Somos, Inc. to provide Teleport with additional numbering resources for the Brooksville rate center, GSVLFLMAXBZ switch as soon as possible to meet its customer's needs.

Based on the foregoing, it is
