DOCKET NO. 20230020-EI  
ORDER NO. PSC-2024-0142-CFO-EI  
ISSUED: May 3, 2024

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION  
DOCUMENT NO. 00387-2024)

On February 19, 2024, Duke Energy Florida, LLC (DEF) filed its Request for Confidential Classification of its response to the Office of Public Counsel's (OPC) Second Set of Interrogatories No. 22 (Document No. 00387-2024).

Request for Confidential Classification

DEF contends that the information provided in response to OPC's Second Set of Interrogatories No. 22 contains information of a confidential nature, which is proprietary confidential business information within the meaning of Section 366.093(3), F.S.

DEF contends that the information is proprietary and confidential business information within the meaning of Section 366.093(3), F.S. This information is intended to be and is treated by DEF as private, and its confidentiality has been maintained. This information consists of contractor invoices, Excel spreadsheets calculating invoice payments, and explanations concerning invoices for line crew contractors providing restoration work. Therefore, DEF contends that this information is protected by Section 366.093(3)(e), F.S. Releasing the contract data contained in these responses also would impair the competitive businesses of both DEF and the contractors providing line crews in violation of Section 366.093(3)(d), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or service on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to be information concerning contractor invoices, Excel spreadsheets calculating invoice payments, and explanations concerning invoices for line crew contractors providing restoration work, the disclosure of which could impair the competitive business of both DEF and its contractors. Thus, the information identified in Document No.00387-2024, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Art Graham, as Prehearing Officer, that Duke Energy Florida, LLC's Request for Confidential Classification for its response to OPC's Second Set of Interrogatories No. 22 (Document No. 00387-2024) is granted. It is further

ORDERED that the information in Document No. 00387-2024, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 3rd day of May, 2024.
