In re: Petition for approval of transportation service agreement with Florida Public Utilities Company by Peninsula Pipeline Company, Inc.	DOCKET NO. 20240031-GU ORDER NO. PSC-2024-0179-CFO-GU ISSUED: May 30, 2024
--	--

ORDER GRANTING PENINSULA PIPELINE COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NOS. 02105-2024, 02238-2024 and 00645-2024)

On February 7, 2024, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Peninsula Pipeline Company (PPC) filed a Request for Confidential Classification (Request) of certain information contained in its Firm Transportation Service Agreement with Florida Public Utilities Company (FPUC) for its Lake Mattie Project and in its Firm Transportation Service Agreement with FPUC for its Plant City Project (Document No. 00645-2024). On April 18, 2024, PPC filed a Revised Firm Transportation Service Agreement with FPUC for its Lake Mattie Project and requested confidentiality for the attached revised Exhibit A (Document No. 02105-2024). On April 22, 2024, PPC filed a revised Request for Confidential Classification along with a revised version of its Firm Transportation Service Agreement for the Lake Mattie Project (Document No. 02238-2024).

Request for Confidential Classification

PPC contends that the information contained in its Firm Transportation Service Agreement with FPUC for its Plant City Project and Firm Transportation Service Agreement with FPUC for its Lake Mattie Project, more specifically described in Exhibit A to its Request, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. PPC asserts that this information is intended to be and is treated by PPC as private and has not been publicly disclosed.

The information contained in its Firm Transportation Service Agreement with FPUC for its Plant City Project and Firm Transportation Service Agreement with FPUC for its Lake Mattie Project consists of the Total Maximum Daily Transportation Quantity, Maximum Daily Transportation Quantity, Total Monthly Reservation Charge, and Unauthorized Use rate for each Project. PPC contends the disclosure of this information would impair its ability to execute business transactions on favorable terms for the benefit of its customers. PPC argues that this information is protected by Sections 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's

ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The contractual data, if disclosed, could adversely impact PPC's competitive interests as well as the competitive interests of its vendors. Thus, the information identified in Document No. 00645-2024 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gabriella Passidomo, as Prehearing Officer, that Peninsula Pipeline Company, Inc.'s Request for Confidential Classification of Document No. 00645-2024, is granted, as set forth herein. It is further

ORDERED that the information in Document No. 00645-2024, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gabriella Passidomo, as Prehearing Officer, this 30th day
of May, 2024.
