NOTICE OF PROPOSED AGENCY ACTION
ORDER GRANTING ELIGIBLE TELECOMMUNICATIONS CARRIER DESIGNATION

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code (F.A.C.).

Background

American Broadband and Telecommunications Company LLC (American Broadband or Company) seeks designation as an eligible telecommunications carrier (ETC) for the sole purpose of providing Lifeline service to qualifying consumers throughout Florida. American Broadband is a provider of commercial mobile radio service (CMRS) and offers prepaid wireless telecommunications services to consumers as a reseller. Specifically, American Broadband uses the network infrastructure and wireless transmission facilities of T-Mobile USA, Inc. (T-Mobile) to operate as a Mobile Virtual Network Operator. American Broadband is currently designated as an ETC providing Lifeline service in 21 other states.

As a CMRS provider, American Broadband is regulated as a common carrier pursuant to 47 U.S.C. § 153(11).¹ American Broadband is a Delaware limited liability company that is privately held by American Broadband and Telecommunications Holdings Inc.

¹ 47 U.S.C. § 153(11) (defining a common carrier as “any person engaged as a common carrier for hire, in interstate or foreign communications by wire or radio”; 47 U.S.C. § 332(c)(1)(A) (treating commercial mobile service providers as common carriers).

American Broadband asserts that it meets all applicable federal requirements for designation as a Lifeline only ETC in Florida pursuant to 47 § U.S.C. 214(e) and 47 § C.F.R. 54.201. American Broadband acknowledges and asserts that, if approved, it will comply with Sections 364.10 and 364.105, Florida Statutes (F.S.) and Rule 25-4.0665, Florida Administrative Code (F.A.C.), which govern Lifeline service and provide for a transitional discount for customers who no longer qualify for Lifeline. In addition to the federal rules and statutes discussed above, we have jurisdiction in this matter pursuant to Section 364.10, F.S.

Section 214(e)(2) of the Telecommunications Act of 1996 (the Act) provides state public utility commissions with “primary responsibility” for the designation of ETCs. We initially exercised this authority to designate both wireline and wireless carriers as ETCs. In 2011, the Florida Legislature removed the FPSC authority to designate wireless ETC providers.² However, the Florida Legislature amended Section 364.10, F.S., in 2024 to specifically grant us jurisdiction to address wireless ETC petitions for Lifeline purposes only.³

Decision

I. Requirements for ETC Designation

This Order addresses whether American Broadband qualifies for ETC designation to provide Lifeline service throughout the State of Florida.⁴ Section 364.10, F.S., allows us to approve wireless Lifeline ETC petitions for requesting carriers. Specifically, paragraphs 364.10(1)(a) and (3)(a), F.S., provides us with the authority to designate a commercial mobile radio service provider as an ETC for the limited purpose of providing Lifeline service.

Federal rules outline the requirements for ETC designation.⁵ To obtain ETC designation to provide Lifeline services, federal rules require that carriers:

- 1) Be a common carrier;
- 2) Offer the services that are supported by the federal universal support mechanisms either using its own facilities or a combination of its own facilities and resale of another carrier’s services;
- 3) Advertise the availability of its Lifeline service through a media of general distribution;
- 4) Provide voice grade access to the public switch network or its functional equivalent;
- 5) Offer minutes of use for local service at no additional charge to end users;

² House Bill 1231 (2011), effective July 1, 2011.

³ Senate Bill 478 (2024), effective April 15, 2024.

⁴ 47 C.F.R. § 54.201(a).

⁵ 47 U.S.C. § 214(e)(1); 47 C.F.R. § 54.101, 47 C.F.R. § 54.201, and 47 C.F.R. § 54.401; While 47 C.F.R. § 54.101(a) also includes requirements addressing toll limitation services to qualifying low-income consumers, the FCC in its 2012 Lifeline and Link Up Reform Order (FCC 12-11) stated that: “ETCs are not required to offer toll limitation service to low-income consumers if the Lifeline offering provides a set amount of minutes that do not distinguish between toll and non-toll calls.”

- 6) Provide access to the emergency services available by local government or other public safety organizations;
- 7) Provide Broadband Internet Access Service;⁶
- 8) Demonstrate financial and technical capability to provide Lifeline service; and
- 9) Not charge Lifeline customers a monthly number-portability charge.

In addition, Florida law requires ETCs to:

- 1) Offer a discounted transitional basic telecommunications service;⁷ and
- 2) Participate in the Lifeline Promotion Process.⁸

II. Forbearance of Facilities Requirements

American Broadband plans to offer all of the supported services enumerated under Section 254(c) of the Act through its wireless resale agreement with T-Mobile. Therefore, it sought forbearance of the facilities requirement from the Federal Communications Commission (FCC). On May 25, 2012, the FCC approved American Broadband's compliance plan as a condition of obtaining forbearance from the facilities requirement for the provision of Lifeline service. As part of its compliance plan American Broadband committed to do the following:⁹

- 1) Provide the supported services throughout the carrier's designated areas;
- 2) Remain functional in emergency situations;
- 3) Comply with the Cellular Telecommunications and Internet Association's Consumer Code for Wireless Service;
- 4) Demonstrate that it is financially and technically capable of providing the Lifeline service in compliance with federal rules; and
- 5) Describe the terms and conditions of the broadband Internet access service plans offered to Lifeline subscribers.

Because American Broadband will offer the supported services and is compliant with the FCC requirements pursuant to 47 U.S.C. § 214(e) and 47 C.F.R. § 54.201, as well as the Florida specific requirements, American Broadband is eligible for designation as a Lifeline only ETC in Florida.

⁶ Broadband Internet Access Service (BIAS) is defined as a mass-market retail service that provides the capability to transmit and receive data, but excluding dial-up service.

⁷ Section 364.105, F.S states that each ETC shall offer a residential basic local telecommunications service at 70 percent of the residential local telecommunications service rate for any Lifeline subscriber who no longer qualifies for Lifeline for a period of 1 year after the date the subscriber ceases to qualify for Lifeline .

⁸ Rule 25-4.0665(3), F.A.C.; The Lifeline Promotion Process is an electronic system developed in collaboration with the Florida Department of Children and Families, ETCs and the FPSC. This system helps assist ETCs and the FPSC in providing information on how to apply for Lifeline assistance to eligible customers.

⁹ 47 C.F.R. § 54.202(a)

III. Financial, Managerial, and Technical Capabilities

As noted in its petition, American Broadband has offered service since 2004 and has not filed for any form of bankruptcy relief. The Company has operated as an ETC in 21 states and has not been subject to any ETC revocation proceedings. The Company has 20 years of technical and managerial experience, and it does not rely exclusively on Lifeline reimbursements for its operating revenues. As American Broadband will be providing resold wireless service, it will also rely upon the managerial and technical expertise of its underlying carrier. American Broadband resolved all FCC enforcement proceedings in 2022.¹⁰

IV. Public Interest

State commissions are required to find that ETC designation is in the public interest.¹¹ American Broadband asserts granting its ETC designation will bring Lifeline eligible consumers more choice in providers. In Florida, consumers are currently limited to three wireless Lifeline providers. These three companies represent 98 percent of the Lifeline market in Florida.¹² However, the FPSC's estimated Lifeline participation rate for the last two years has hovered around 18 percent.¹³ The increase in carriers servicing this market may increase participation through additional marketing and would serve the public interest.

V. Conclusion

We have reviewed American Broadband's petition for ETC designation in Florida. American Broadband meets all the requirements for designation as an ETC. Additionally, the Company has demonstrated sufficient financial, managerial, and technical capabilities. Therefore, we grant American Broadband ETC designation throughout the State of Florida as identified in Attachment A of this recommendation. We further order that if there is a future change of Company ownership, the new owners shall be required to file a petition with us to demonstrate that it is in the public interest to maintain the Company's ETC designation.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that American Broadband and Telecommunications Company LLC's Petition for Designation as an Eligible Telecommunications Carrier throughout the State of Florida is GRANTED. It is further

ORDERED that American Broadband and Telecommunications Company LLC is designated an eligible telecommunications carrier for the sole purpose of providing Lifeline service to qualifying consumers in the State of Florida. It is further

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing that is available under Section 120.57, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

The action proposed herein is preliminary in nature. Any person whose substantial interests are affected by the action proposed by this order may file a petition for a formal proceeding, in the form provided by Rule 28-106.201, Florida Administrative Code. This petition must be received by the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on July 11, 2024.

In the absence of such a petition, this order shall become final and effective upon the issuance of a Consummating Order.

Any objection or protest filed in this/these docket(s) before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.
